## Voters May Decide Infirmary Fate

### Closure Possible If Levy Fails

Whether the Columbiana County Home near Lisbon may be ordered closed as a result of fire hazards will be decided by voters next Tuesday.

That, in effect, is what State Fire Marshal Wilson McLaughlin decided at a special meeting with Columbiana County commissioners at Lisbon Monday afternoon.

McLaughlin, along with two aides, conferred with the commissioners on what the county plans to do about eliminating hazardous conditions at the home ordered improved a year ago.

The state official pointed out two extensions had been granted on the original order and reminded the commissioners, "If there are any lives lost, you will be responsible."

McLaughlin said the present extension expires May 9 and declared, "Something must be done."

Galen Greenisen, president of the commissioners, replied some corrective measures had been made, but there has been no money available to undertake all the proposals considered.

Greenisen said a bond issue for a new county home had been turned down by voters in 1959, and a proposed seven-tenths of a mill levy for improvements at the present home lost out in the November election. This levy is being

submitted again to voters in Tuesday's election.

"There hasn't been any money for it this year," Greenisen stated, "and we have to go to the people for funds."

McLaughlin, apparently sympathetic with the commissioners' plight, commented other counties have similar financial problems. "But to put the issue on the ballot isn't the cure — something has to

be done."

"What would you do if I close it down?" McLaughlin asked.

"I'm sure I don't know," Greenisen answered. He declared he had "done all I could" to get the home levy approved in November and in the coming election.

The commissioners explained to the fire marshal money could be borrowed as soon as the levy is approved, and plans launched for

a new hospital at the home. About half of the some 92 residents at the home are in the present hospital.

Asked about the obsolete mental building at the home, Greenisen said only the basement is now being used for recreation purposes.

George Boston of Washingtonville, deputy fire marshal, said he backed the hospital construction, adding the present hospital is built of non-combustible material and could be utilized for other purposes.

McLaughlin suggested the commissioners apply for another 60-day extension to see if the levy passes, then decide what to do — "to close the older buildings or what."

He also suggested the commissioners have an architect check the older buildings to determine what could be done with them.

Walter Hunston, the other Republican commissioner, said all county officials are aware of the problem, and most are actively working for passage of the levy, as are several organizations.

Commissioner Frank Wilson of Wellsville, who last week advised McLaughlin's office of a steam pipe failure and requested an inspection to see if "extensive repairs are justified," declared no funds should be spent on repairing the old buildings.

### 2 Cruiser Crewmen Arrested

## U.S., British Seize Millions In Dope

SAN FRANCISCO (AP)—U.S. customs agents and British authorities investigated today an international smuggling ring responsible for millions of dollars worth of narcotics seized aboard the British cruiser HMS Belfast.

Disclosure of the seizure—estimated of its value ranged from \$2 million to \$6 million—was made Monday by Frank Long, chief U.S. customs agent.

The attempt to smuggle 13½ pounds of heroin and 26 pounds of opium into San Francisco was part "of a huge operation by an international smuggling ring," Long said.

The Belfast docked here Saturday on a goodwill visit.

British consulate and Royal Navy spokesmen announced the arrest of two Chinese crewmen in possession of the narcotics, Petty Officer Ah Lee Wong, 35, and Kan Ping Kwok, 27, civilian canteen helper, both of Hong Kong.

Some \$70,000 worth of undeclared jade and diamonds turned up in sugar canisters. The gems

were seized and 16 other crewmen were restricted to the ship in that connection. Importation of the gems into American waters constitutes no violation of customs unless an attempt is made to land them.

Long indicated prosecution is a matter for the British since none of the contraband was landed in the United States and it was seized by the ship's officers on the high seas.

The agent emphasized that the Belfast's officers, headed by Capt. Morgan Giles, reported the case to customs and narcotics agents as soon as the ship docked.

Consul General Randle Reid-Adam said the matter of disciplining the crewmen could come before an admiralty court when the ship reaches Plymouth, England.

The two arrested Chinese told ship's officers they were supposed to drop the narcotics in Honolulu but missed their contact. They said they brought the dope aboard at Singapore.

### Property Damage In Millions

## 8 Dead As Storms Pound 12 States

By The Associated Press  
Tornadoes and winds of tornado force plunged viciously into parts of the Midwest, South and Southwest Monday, leaving at least eight persons dead, up to 100 injured and millions of dollars in damaged property.

Up to 4½ inches of rain accompanied some of the storm. Hail ranged from 1 to 2 inches in diameter. Wind velocity was recorded at 105 m.p.h.

In the path of the scattered storms and tornadoes were parts of Illinois, where 4 persons died; Indiana, 2 dead; Michigan, 1 dead; Mississippi, 1 dead; Missouri, Kentucky, Texas, Oklahoma, Arkansas, Tennessee, Alabama and Ohio.

The Chicago Weather Bureau reported confirmed and unconfirmed tornadoes in the late evening in Illinois, Kentucky, Tennessee, Arkansas, Texas, Louisiana, Missouri and Ohio.

The rainfall during a storm at

Lufkin, Texas, totaled 4½ inches. The chain of destruction started in eastern Missouri with a series of tornado alerts. Rain and powerful winds then whipped into St. Louis and adjoining communities, leaving downed utility lines, homes damaged, trees uprooted and scores of injured.

The storm moved into southern Illinois, hitting a dozen small communities. Damaged were homes, utility lines, farm property and public property.

Before noon, the storm hit Springfield, Ill., where one witness said it became as dark as midnight.

John Cavitt, principal of McClelland Grade School, saw the approaching storm and ordered the children outside the building. A section of the school crashed down two floors into the basement shortly afterward. Four hours later searchers found the body of

### Damage Minor As Lightning Hits Home

## Area North Of City Darkened By Storm

High winds and lashing rains that buffeted the district Monday night about 9:30 caused no major damage but resulted in a three-hour power failure that darkened an area north of Salem along the Canfield Rd.

But the district largely escaped the serious damage attendant with the storms that raged over 12 states.

A bolt of lightning hit the John W. (Bill) Peterson residence on the Salem-Lisbon Rd. about 10 p.m. and set fire to a studio couch in a bedroom.

The company also reported that lightning struck some line fuses and wires were down in the New Waterford, Rogers and North Lima areas and in a rural section south of Lisbon. The power failed about three hours in New Waterford and Rogers, while in North Lima electric was off for about one and one-half hours. In Lee-

Two of the children were in the bed across the room and called their parents when they smelled smoke. Lisbon volunteer firemen responded. Damage was minor.

A total of 0.65 inch of rain fell in the area after winds kicked up heavy clouds of dust.

The Canfield Rd. power failure was caused by falling limbs striking electric wires, an Ohio Edison Co. spokesman said.

### GOP Hears Congress Candidate

## Carrigg Criticizes Rep. Hays' Travels

Dr. John J. Carrigg, Republican candidate for Congress from the 18th District, outlined his position on several major issues Monday night before a crowd of about 130 persons at a candidates meeting in the Memorial Building.

Fourteen other candidates were

introduced by Pete Johnson, president of the Salem Area Young Republican Club.

In his address, Dr. Carrigg first stressed the promotion of development of diversified industry within the district. Carrigg criticized the traveling abroad of his Democratic opponent, Congressman Wayne L. Hays, saying that "trips abroad may be pleasant, particularly when the taxpayers pay for them, but what good do they do the 18th District?"

Referring to Hays as a "notorious namedropper," Carrigg announced that statements such as "I told Nasser" or "I told Nehru" might "impress the natives, but it wears stale after awhile." This traveling time, Carrigg asserts, could be better spent in promoting the industrial growth of our own area.

Dr. Carrigg attacked the Kennedy administration, noting an overall drift to the left. The deficit this year will be seven to ten million dollars, the speaker said, adding that "Democrats give lip service to a balanced budget, and then they promptly unbalance it."

Concerning the recent steel developments, Dr. Carrigg asked, "What has happened to collective bargaining when a President can have the power to fix prices?" Dr. Carrigg attributed labor leaders' silence to the principle that "the same power that can fix prices can also fix wages."

Dr. Carrigg said he is against aid to education for two reasons: (1) it can lead to control of the school system and (2) "there is no need to support them (the schools)." The speaker, himself a school teacher for many years, said that "you won't solve a shortage of teachers by getting people who are interested in money."

Regarding foreign policy, Dr. Carrigg stressed that in 1945 the U.S. was the strongest nation in the world, with a nuclear monopoly. Since that time, he stated, we have "rather frittered away

## Youth Found Guilty Of Manslaughter

LISBON—Allen Rice, 13, Wellsville Rd. 1, was found guilty Monday of second degree manslaughter in a traffic death by Common Pleas Court Judge Joel H. Sharp. Rice waived a jury trial.

He was driving a borrowed car last Dec. 29 and struck a utility pole on Clark Ave. in the west end of Wellsville. His passenger, Eugene Delposen, 17-year-old Wellsville High School senior, was killed.

The state claimed Rice was speeding and driving recklessly. Rice asked for probation and the court ordered a pre-sentence investigation and report. Judge Sharp ordered Rice not to drive any motor vehicle until the case is completed. His bond of \$1,000 was continued.

## X15 Roars To Height Of 48 Miles

EDWARDS AIR FORCE BASE, Calif. (AP)—To grinning, rumpled-haired test pilot Joe Walker, his record 48-mile-high flight in the X15 rocket plane Monday is "only the beginning" for winged aircraft.

Judging from the stresses he withstood in his 3,443 m.p.h. dash to the edge of space, Walker said he could "take orbit with no strain at all."

He doesn't think either he or the X15 will ever go into orbit. The X15 isn't built for it, and Walker, 41, is going to be tied up for the next two years seeing just how high the rocket plane can go and get back safely.

"There is no question," Walker said at a news conference after his flight, "that we can put a winged vehicle in orbit and land it as I did today."

The concept of using a winged controllable craft instead of a parachuting capsule to return from space, Walker said, has been proved practical. "All we have to do is build the plane."

Just such a plane, the missile-boosted Dynasoar space glider, is under construction. The lessons Walker and other X15 pilots learn will be cranked into Dynasoar's design.

Before the year is out, the X15 will fly higher and higher, perhaps to 400,000 feet—75 miles.

Altitude is no problem to the X15. Engineers said it probably has enough power to reach an orbital altitude of 100 miles. The

## Publishers Association Re-elects G. G. Strong

NEW YORK (AP)—G. Gordon Strong of Canton, O., president of Brush-Moore Newspapers, Inc., yesterday was re-elected a director of the America Newspapers Publishers Association. The term is for two years.

He also was re-named a director of the Publishers Association's Research Institute which is devoted to research and technical developments in the newspaper field. Its headquarters is at Easton, Pa.

Strong was honored earlier when he was elected vice-chairman of the Bureau of Advertising of the American Newspapers Publishers Association at the annual convention here.

### Soviet Celebration Unusually Mild

## Speeches, Parades Mark May Day

By The Associated Press  
Labor's traditional May Day holiday was celebrated with rallies, speeches and parades on both sides of the Iron Curtain today as police stood guard in Berlin, Buenos Aires, Tokyo and other potential trouble spots.

With Soviet Premier Khrushchev and other top leaders watching from atop Lenin's tomb as usual, the Soviet Union staged one of the least belligerent May Day celebrations ever seen in Moscow's Red Square.

The keynote speech by the Soviet defense minister, Marshal Rodion Y. Malinovsky, contained only routine attacks on the United States and the usual pledges that the Soviet forces would beat off any attacker.

The military parade of troop carriers, tanks and rockets lasted only nine minutes and there was nothing new for Western military observers to see. While they rolled through Red Square before the 10,000 spectators, the television announcer recited poetry.

The facade of the historical museum, at the end of Red Square was dominated by a banner calling for "a mighty upsurge in agriculture" instead of the usual "forward to the victory of communism." Badly lagging farm production is the Soviet Union's current No. 1 problem.

After the military parade there came the usual physical culture demonstration and march of the "spontaneous demonstrators."

Malinovsky stressed that the great task of the Soviet Union was to show "the irrefutable advantages of the Socialist system." He said that to achieve this the Soviet Union needed peace and that was the reason for the Leninist principle of peaceful coexistence.

He claimed that the Soviet Union was doing everything possible to achieve disarmament, a German peace treaty and various other things that might bring peace closer. But he charged that the ruling circles of the Western powers "and in the first place the United States" were putting obstacles in the way of achieving this.

The defense minister said the

Soviet Union would do everything to prevent World War III but that under current world conditions "it is logical that the Soviet Union will be vigilantly on guard and do everything for our defense."

## U.S. To Give Notice on Nuclear Tests

WASHINGTON (AP)—The United States will give the world's scientists about four days' notice before firing three missile-borne nuclear test devices over the Pacific in June or July.

The Pentagon said Monday advance word of the three blasts will be given so that geophysicists and other scientists can make measurements of interest to the scientific community.

Atmospheric effects of the high-altitude blasts could include auroral displays resembling the northern lights over the South Seas and interference with Pacific radio communications over a wide area.

Similar temporary effects followed a 1958 blast over Johnston Island. It produced a spectacular auroral display above Samoa, about 2,000 miles south of the test site, and interfered temporarily with high-frequency radio communications over an area extending 2,000 miles.

Distortion of the earth's magnetic field by atomic particles from the test explosion was blamed for his side effects.

The Pentagon spokesman said two of the high-altitude blasts in the Johnston Island area will be equivalent to fewer than a million tons of TNT.

He said one of these shots will be at an altitude measured in tens of kilometers, the other at hundreds of kilometers. A kilometer is five-eighths of a mile.

The third shot will be in the megaton-yield range, and will be fired at hundreds of kilometers, the spokesman said.

Shipping and air traffic was banned from the Johnston Island test area Monday.

While the Pentagon announced some details of the planned high-altitude test shots, the United States told Japan the Pacific tests would end immediately if the Soviet Union changes its previous position and now concludes a test ban treaty.

Japan, which has protested resumption of nuclear tests in the atmosphere by the United States,

## 2 Levies Endorsed By Salem C. of C.

The Salem Area Chamber of Commerce Board of Directors voted Monday to endorse the 8.5-mill renewal levy for city schools and the .2-mill county levy for retarded children.

Both levies will appear on the May 8 primary ballots.

Robert Campbell, member of the Board of Education, attended the director's meeting at noon Monday in the Chamber of Commerce offices to answer questions about the proposed school levy.

The directors also discussed the Chamber's annual dinner held April 10 and the dedication of the new Post Office planned for May 13.

# Primaries Held Today In Alabama, Oklahoma

By The Associated Press

Candidates in Alabama and Oklahoma today start the long haul toward Election Day as voters mark their choices for party nominations.

The primary balloting, highlighted by attempts of two former governors to win Democratic gubernatorial nominations, will be followed by runoff elections later this month for candidates who do not get more than half the votes cast today.

Texas voters make their party choices Saturday. Primaries are scheduled in four more states—Florida, Indiana, New Mexico and Ohio—next Tuesday.

The two former governors who have climbed back into the political ring are James E. Folsom of Alabama and Raymond D. Gary of Oklahoma. Neither Gov. John D. Patterson of Alabama nor Gov. J. Howard Edmondson of Oklahoma can succeed themselves under their state's laws.

Gary, governor from 1955 to 1959, hopes to be the first non-consecutive term in Alabama, elected to more than one term in the executive mansion since Oklahoma gained statehood in 1907.

Folsom is trying for his third non-consecutive term in Alabama, but his attempt has shared billing with nine Democratic congressmen battling for eight available places.

Because of a loss of population in the 1960 census, Alabama's House delegation has been reduced to eight seats. The Alabama Legislature could not agree on a formula for redistricting.

Three of the nine Alabama representatives will seek to qualify in their districts today for a statewide low-man-out runoff May 29. Six already have qualified for that showdown because they face no Democratic primary opposition in their districts today. Two of the three with opposition are expected to win handily but a three-way fight is expected in the 2nd District, including Birmingham, between Rep. George Grant and attorneys Albert Roemer and Starr Smith.

**162 Get Oral Polio Vaccine at Lisbon**

LISBON—The Columbiana County Health Department set up a Sabin Type 3 oral polio vaccine station in the Courthouse lobby Monday and gave 162 immunization drinks to adults and children.

Mrs. Violet Peterson, health department nurse, said the Type 3 vaccine will be available until Thursday in health department rooms on the third floor of the Courthouse.

A make-up clinic for Salem area residents is scheduled Friday at City Board of Health rooms in Salem City Hall.

Approximately 54,000 persons took the vaccine last Wednesday and Saturday. Columbiana County Medical Society is sponsoring the mass immunization program.

"Atomedic," space-age hospital now building at Tuskegee, Ala., is a new concept in hospital design.

Brainchild of Dr. Hugh C. ## Byrd, Ike Official Predict Deficit Under JFK Policies

WASHINGTON (AP) — Former President Dwight D. Eisenhower's budget director told the U.S. Chamber of Commerce today that the Kennedy administration's policies, "unless abruptly changed, are likely to produce four consecutive deficits."

Maurice H. Stans, now president of Western Bancorporation, San Francisco, said businessmen must take an active personal interest in politics if they are concerned over "near-confiscatory taxes" and budget policies which "are an open invitation to a crisis for the dollar."

Sen. Harry F. Byrd, D-Va., predicted the fiscal 1963 budget, for which President Kennedy forecast a scant surplus, will show "another deficit of \$4 to \$5 billion."

Both speeches were prepared for the Chamber's 50th annual meeting here.

Byrd told the 4,000 businessmen-delegates: "I. such a deficit should develop next year, the three-year deficit would total \$15 billion or more. This would be reminiscent of the huge deficits of 1958-59."

Both Stans and Byrd called for action to stem the loss of gold and correct the U.S. deficit in international payments. Of the \$18.6 billion in remaining gold stocks, Byrd said, nearly \$12 billion are required as a backing for the currency but the drain is continuing.

"How much longer can we continue to be Santa Claus for the free world, baker for the free world, and policeman for the free world?" Byrd asked. "When will Judgment Day come? Perhaps it is approaching faster than we realize?"

Stans suggested that businessmen should work harder for the election of candidates "whose views are closest to yours."

Stans also declared: "Despite new fancy theories of balancing the budget over the (business) cycles, we have gone in the red 26 times in the last 32 years and have paid our bills without borrowing only six times.

"The policies of the present administration, unless abruptly changed, are likely to produce four consecutive deficits."

## Annual Dinner Held By Women Voters

Members of the Salem League of Women Voters held their annual dinner meeting recently at Timberlanes.

Newly elected officers introduced were Mrs. Thomas Howett, second vice president, and Mrs. Lester Messersmith, treasurer. Newly elected board members serving for two years are Mrs. D. M. VanSchoik, Miss Harriet Percival, Mrs. A. P. Falkenstein and Mrs. L. B. Biehler.

A budget for the coming year was approved and annual reports given by officers and board members.

It was decided that members will make a study of Columbiana county health services and county finances.

Announcement was made that Mrs. Lloyd Gordon, voters' service chairman, has received commendation from the state board, and the Salem League is cited as one of 10 Ohio Leagues that have performed outstanding jobs of insuring information on candidates.

The last of the unit meetings for the current year will be held this week as follows: Mrs. L. B. Biehler of E. 3rd St. will welcome the daytime group Wednesday when the subject of discussion will be "city welfare," with Mrs. Howard Groschell and Mrs. Donald Santee as leaders. This program will be repeated for the evening unit at 8 Thursday in the home of Mrs. Lloyd Gordon of Highland Ave.

## School Levy Questions, Answers

The Salem Board of Education and Supt. of Schools Paul E. Smith have compiled a list of the most common questions raised in respect to the 8.5-mill school renewal levy on the May primary ballots, and their answers to them. Several of the questions and answers will appear periodically in The Salem News as a public service. The board and Supt. Smith solicit other queries residents may have on the levy. They may be sent to Supt. Smith at the Junior High School.

**Q—Why increase the salary of teachers and other employees at this time?**

**A—**Even with the proposed salary increase, salaries of Salem school employees will be below state averages. Our salaries, for teachers primarily, must enable us, in competition with other neighboring communities, to employ and keep the desired personnel we need.

Incidentally, the next few years will see an increase in the retirements from the present teaching staff which will emphasize the

importance of keeping our salary schedule "up" with competition. **Q—Why do we need more money for operating costs?**

**A—**Since 1959, operating costs have increased for the following

reasons:

a. Prices on books, supplies and equipment have gone up just as prices have increased on the items you use at home.

b. The new high school has re-

sulted in increased costs for fuel, light, water power and maintenance.

c. An improving educational program demands more library books, language tapes, electronic

and mathematics supplies and visual materials.

d. Our school population has increased from 3,563 to 3,700 or an increase of five classrooms and teachers.

e. The demands of education both nationally and locally have made education a "big business."

**BUT YOU MUST ENROLL BEFORE MIDNIGHT, SUNDAY, MAY 13TH!**

**LOOK AT ALL THE BENEFITS**

Blue Shield will help you pay your surgeon's and physician's bill, relieving this anxiety when sickness strikes... and Blue Shield protects you when you travel outside of Ohio too!

**BLUE SHIELD BENEFITS**

Payments will be made for Surgery, In-hospital Medical Care, Anesthesia, Radiotherapy... according to the schedule of indemnities listed in the SENIOR PREFERRED Contract (M-10-L) you will receive. The benefits are available when the services are performed by a duly licensed physician or surgeon as defined in the contract.

**Surgery** — Almost all types of surgical procedures performed anywhere — in the hospital, home or physician's office — with payments from \$10 to \$300 according to schedule of indemnities.

**Medical Treatment** — When the member is a bed-patient in a hospital for more than 18 consecutive hours, for non-surgical illness. Payments for each hospital confinement, \$10 for the first day and \$5 for each of next three days, and \$4 a day thereafter. Maximum of 70 days available per contract year.

These Benefits are also provided for concurrent medical care by a physician other than the surgeon when the medical care is necessary and unrelated to the surgical services.

**Fractures and Dislocations** — Reduction (setting) performed anywhere.

**Emergency Care** — Emergency stitching of wounds within 24 hours after the accident.

**Radiotherapy** — Treatment by means of X-ray or radium, regardless of where the treatment is performed.

**Burns and Skin Grafting** — Treatment regardless of where the service is rendered.

**Anesthesia Administration** — For services rendered in connection with surgical procedures covered by the contract, payments from \$10 to \$40 according to schedule of indemnities when (1) administered by a physician other than the operating surgeon, in or out of the hospital, or (2) administered in a hospital by a dentist or nurse who is not an employee of the hospital. No payments will be provided for local anesthesia.

**Services Not Covered** — This contract does not provide payment for any of the following: services rendered in a V.A. hospital; workmen's compensation cases; services for cosmetic or beautifying purposes; dental services. No payment is provided for hospital bills or for services not described above.

Ask your Doctor... he will assure you of the complete reliability and worthwhile benefits of Blue Shield protection.

## TO: ALL BLUE SHIELD SUBSCRIBERS

of Ohio Medical Indemnity, Inc.

### CHECK YOUR BLUE SHIELD CONTRACT

Are you one of more than a million Blue Shield Subscribers who have the **PREFERRED** or **MAJOR** Contract?

IF NOT... and you still have the original **STANDARD** Contract, you owe it to yourself and your family to read this important notice.

### WHY THE PREFERRED AND MAJOR CONTRACTS ARE SO POPULAR

The Blue Shield **STANDARD** Contracts issued to individuals and group members in Ohio, were designed in the mid 1940's to help meet World War II surgical-medical expenses — many are still being carried. While the **STANDARD** Contract represents good value for the membership fees paid, more adequate protection geared to today's

needs is now available. That's why over a million Blue Shield subscribers have taken advantage of the **PREFERRED** and **MAJOR** Contracts. These broader benefit contracts provide surgical, medical, anesthesia and radiotherapy benefits that better help meet these emergency expenses today.

### LET'S MAKE COMPARISONS OF SOME BLUE SHIELD BENEFITS

	STANDARD Plan		PREFERRED Plan		MAJOR Plan	
	Surgical	Anesthesia	Surgical	Anesthesia	Surgical	Anesthesia
Tonsillectomy (under age 12)	\$ 25.00	\$10.00	\$ 40.00	\$12.50	\$ 65.00	\$20.00

Removal of Stomach	200.00	25.00	300.00	40.00	450.00	75.00
Removal of Lung	200.00	25.00	300.00	40.00	450.00	75.00

**YOU CAN READILY SEE THE GREATER PROTECTION OF THE "PREFERRED" OR "MAJOR" COVERAGE FAR OUTWEIGHS THE SMALL ADDITIONAL PREMIUM.**

GROUP CONTRACT	Cost per Month	Single	Family
Standard	.....	\$ .80	\$ 2.45
Preferred	.....	1.25	3.75
Major	.....	1.65	4.90

The best protection you can have costs about 1/2 the price of a pack of regular cigarettes per day.

If you are a single person, Blue Shield medical-surgical protection amounts to only 4 1/2¢ per day for the "PREFERRED" Plan; less than 5 1/2¢ per day for the "MAJOR" Plan. For a typical family the cost per individual averages even less — just pennies, really, for enjoying the peace-of-mind of knowing a larger portion of the surgical-medical expenses will be paid for by the "PREFERRED" or "MAJOR" Contracts! You owe it to yourself and your loved ones to obtain the greatest Blue Shield protection you can get.

Blue Shield protection is a value at least equal to, or better than, any current community surgical-medical cost protection plan.

### YOUR OWN FAMILY PHYSICIAN CAN REASSURE YOU

Your physician has a complete understanding of the protection and benefits provided by the Blue Shield **PREFERRED** and **MAJOR** Contracts. He can reassure you of the complete reliability and value of these contracts, which are offered in this area only by Ohio Medical Indemnity, Inc.

### YOU MUST ACT!

To get this increased protection... to help you be better prepared to meet the health care cost of today... you must act. No salesman will call on you. No physical examination, no health statements required. No waiting periods or age limit restriction. The **PREFERRED** and **MAJOR** plans were designed with the medical profession's cooperation, assistance, sponsorship and endorsement as the most effective solution to the problem of meeting the medical and surgical needs of the public... it's up to YOU!

### WHAT TO DO:

#### IF YOU ARE A GROUP LEADER OR EMPLOYER

If you are a group leader or employer, you may receive detailed information by mailing the coupon or telephoning your local Blue Cross-Blue Shield representative.

#### IF YOU ARE A BILLED AT HOME SUBSCRIBER

If you are not a member of a group, but have been paying your Blue Shield **STANDARD** Contract premiums direct, you will be receiving by mail, a special opportunity to up-grade.

#### IF YOU ARE A GROUP MEMBER

If you are a member of a group paying premiums on a salary deduction plan, you should (1) learn which plan your group has (2) talk it over with your group leader or employer (3) or for more information about these better contracts, fill out and mail the coupon below.

## Other State Offices

This year, for the first time, Ohioans will elect all their top state officers simultaneously for four-year terms.

In addition to the governorship, the offices include lieutenant governor, secretary of state, auditor, treasurer and attorney general.

### Lieutenant Governor

Of six contenders for the Republican nomination, William R. Van Aken of Shaker Heights and Charles W. Whalen Jr. of Dayton are the standouts. Either would make an excellent candidate for the November election.

Mr. Van Aken is a member of a distinguished family and, in his own right, was elected twice to the Ohio House in strongly Democratic Cuyahoga County. He actively participates in many civic, bar and party activities and is a past president of the Ohio State Bar Association.

Mr. Whalen is an economics professor at the University of Dayton and has been an outstanding state legislator, formerly in the House and now in the Senate. His campaign is based on a series of specific proposals to deal with major problems facing Ohio now and in the future.

Of five contestants for the Democratic nomination, James A. Lantz of Lancaster is the best choice on all counts. He has a distinguished record as a member of the Ohio House and presided as speaker during the 103rd General Assembly when his party was in the majority.

### Secretary of State

Incumbent Ted W. Brown of Columbus is unopposed for the Republican nomination, mostly because of his excellent record as the state's chief elections officer since 1951. He was the only Republican state official re-elected in the 1958 Democratic landslide.

Five Democrats seek the opportunity to oppose him in November, including Canton's former Mayor Charles L. Babcock. All of them are known chiefly in their own localities and, because of Mr. Brown's vote-getting ability, we see little point in favoring any one of them over the others.

### Attorney General

On the Republican side, William B. Saxbe

of Mechanicsburg is a former speaker of the Ohio House and served one term as attorney general before losing in the 1958 Democratic tide. He thus is well known, has a record of service at the state level to offer the voters and would make a good candidate on the GOP ticket in November.

Republicans particularly interested in the idea of injecting new blood into the party's veins, however, may want to consider John A. Lloyd Jr. of Cincinnati, who is making his first bid for public office. He is a successful attorney, an active participant in civic affairs and former chairman of the Ohio Young Republicans.

Among five contenders for the Democratic nomination, Frank P. Celeste of Lakewood is the standout. In seven years as mayor of his predominantly Republican city he has built an enviable record of administrative accomplishment. An attorney for 30 years, he is a former municipal judge.

### Auditor

John W. Donahey of Alliance, now lieutenant governor, is unopposed for the Democratic nomination for the office held by his father some 40 years ago.

Among three Republicans seeking the right to oppose him in November, Roger W. Tracy, former state treasurer and son of another former auditor, is the best known in name and record of service. He held the treasurer's office for eight years.

Here again, however, Republicans may want to consider a newcomer, Richard M. Brown of Chagrin Falls. He is both an attorney and business executive and played a leading role in the 1950 re-election campaign of the late Sen. Robert A. Taft.

### Treasurer

Thomas E. Ferguson of Columbus, son of the incumbent, is unopposed for the Democratic nomination.

Among five contestants for the Republican nomination, John D. Herbert, is our preference. He is the son of former Gov. Thomas J. Herbert, who is retiring as a Supreme Court judge. Mr. Herbert is a former assistant attorney general and is making his first bid for state office.

Francis V. May of Lakewood, an attorney and accountant, is our second choice.

## Progress On the Overpass

Salem's West State St. overpass project is still pretty much in the works, although absence of much discussion in recent months might have given some people the impression the projected improvement was just a figment of politicians' imaginations.

The recent conference of the bridge designer of Rackoff Associates of Columbus with city officials was to determine the approximate slope of the overpass that will carry State St. and Rt. 62 traffic over the main Pennsylvania Railroad tracks in the west end of town.

The ease with which the local project is progressing—in the preliminary planning stages—is a compliment to Mayor Dean

Cranmer, City Council and City Engineer F. S. Barckhoff, all of whom have been cooperating to get the improvement that our city has needed for so many years. Similar projects in some other Ohio cities have been bogged down by arguments over locations, financing, etc.

If all goes well, the contract for Salem's million dollar grade separation project may be let by September, although work on the span may not start immediately. The bridge structure itself will require six months to complete, according to engineers' estimates.

If the Federal Bureau of Public Roads approves the location and design, the city can expect an \$850,000 federal grant to aid in the financing, with the Ohio Department of Highways and the Pennsylvania Railroad making up the difference, except an estimated \$65,000 which will be the city's share of the cost.

With monies anticipated in the capital improvements funds, the overpass looks like a bargain for the city.

### Judge Hart

Judge William L. Hart Sr. who distinguished himself in the legal profession and rose to the Ohio Supreme Court bench, never lost his love for the teaching profession.

In order to earn money for his college education, he taught school at Highlandtown in southern Columbiana County and subsequently taught at other district schools, including the old Votaw school at nearby Winona. His forte later was international law and international relations, lecturing to students at his beloved Mount Union College where he was a trustee for many years and the board's first vice-president. Judge Hart, who served 22 years on the high court bench, made many noteworthy public contributions during his full lifetime of 95 years.

## Once Over

By H. I. Phillips

Imaginary dialogue between Prince Rainier and Princess Grace following news Alfred Hitchcock has postponed movie of the princess to later date when her "availability in connection with duties to Monaco will be clearer:

Grace: Well it's nice to know Alfred will remain neutral in the Monaco-France crisis. He never makes war films.

Rainier: But he loves mysteries and I have to admit it's a mystery how Monaco has gone on so long in a state of peace and happiness.

Grace: Maybe Alfred thought that to be involved in any way with Charlie and us would tempt him to do a Western with a Riviera background.

Rainier: I've had comforting news that Lady Docker denies she has converted her yacht into a Polaris submarine and will turn it over to French fleet.

Grace: Do you think De Gaulle would really cut off the water and electricity?

Rainier: When he gets mad he could cut off the champagne and casino lights. By the way in a case of a war, do you think the United States would come in on our side?

Grace: No. You run one of the few countries where there is NO INCOME TAX AND IT MAKES Americans resentful and jealous.

Rainier: Getting back to De Gaulle, I suppose that, since he is up to neck in money problems, it makes him sore to see me living in a bed of roses.

Grace: Yes, especially when the bed of

roses is ringing with the sound of dice, roulette wheels and yachting parties.

Rainier: At times I think if you went to Hollywood to make a new movie it might be to my advantage.

Grace: How so?

Rainier: Well if things got bad and you were kept so busy reading war communiques that you were hampered as a movie star, Americans would get angry enough to send me some munitions and technicians. How far do you think De Gaulle will really go?

Grace: It's all a gamble.

Rainier: In Monaco what isn't?

Grace: Anyhow we will have the Onassis family on our side. Maybe their whole fleet.

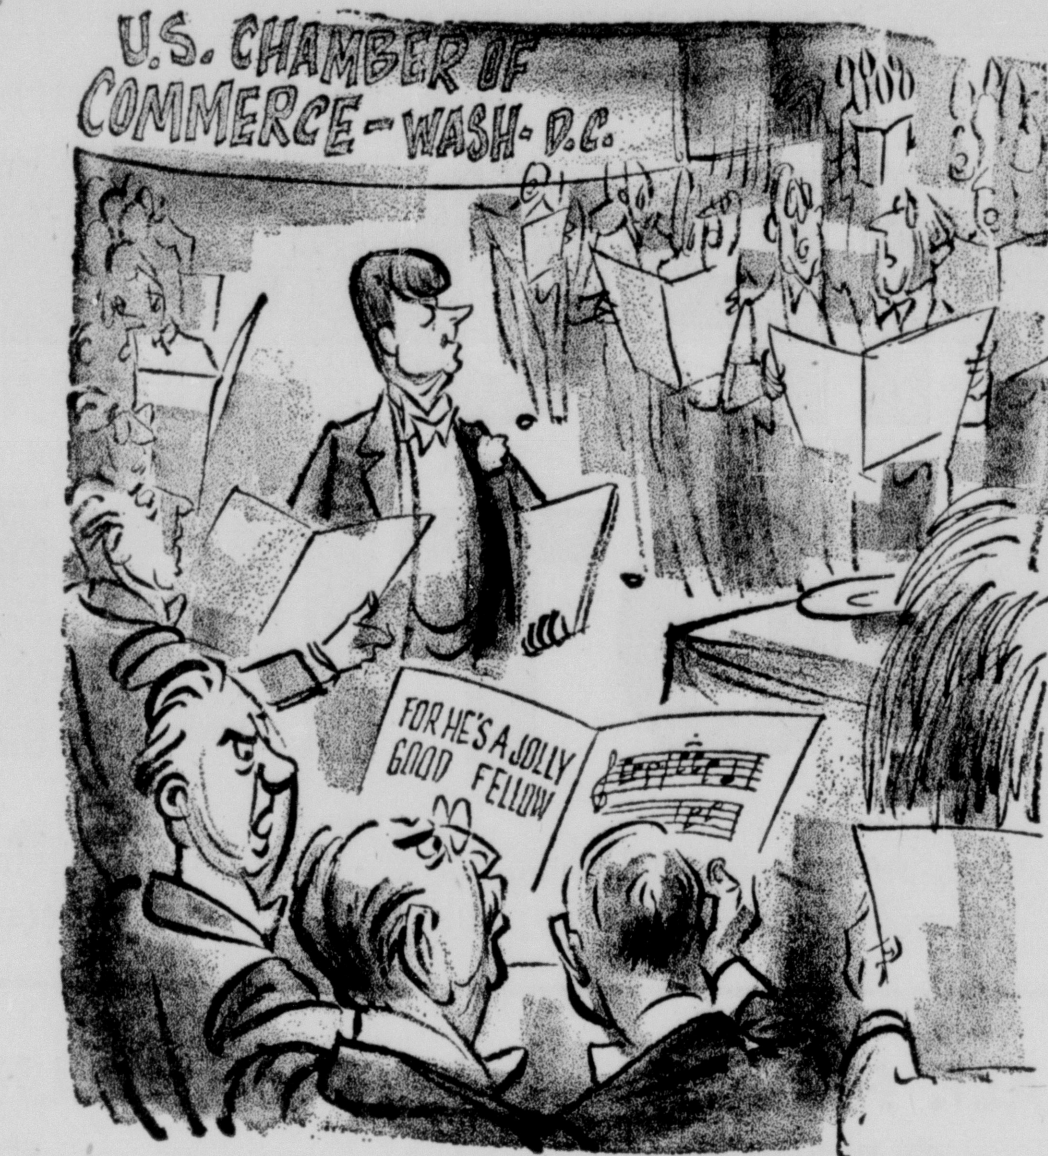

Rainier: I hope De Gaulle will put all his cards on the table.

Grace: Yes, and, after all, you are ahead with TABLES.

Rainier: Oh, well, I'm glad you're staying here. You're nice to have around in a crisis and I think even De Gaulle will succumb to your charm and be less belligerent toward the kingdom. He might wind up doing a bit part in your picture when Hitchcock decides to go ahead with it.

Grace: Flatterer!

## Inside Labor

By Victor Riesel

This report is being written because it is based on a "conversation" with a man who not only is one of the best informed leaders

of the American steel industry, but who was in almost minute-to-minute contact with the vast of what will be forever known as the Big Steel Drama of '62. This dramatic personae ranges from President Kennedy and Secretary of Labor Arthur Goldberg to steel company officials.

According to this source, who must remain anonymous, there is now a greater understanding in Washington of the need for real profits by all business. "In Washington," includes the White House, some of the Cabinet and special presidential advisers, too.

There is an understanding of what must be done to get such profits and what can be done constructively with the money.

When you get such understanding, the source said, then what industry does to make profits and keep competitive will not cause the kind of reaction U.S. Steel got from President Kennedy.

IN THE JARGON of the businessmen, whose responsibility includes efficient operation of huge mills and tens of thousands of employees, the remedy is not necessarily increased prices. It can be holding the line on

the cost of wages; and the very important factor of government tax relief for depreciation of equipment. There must, however, be a flexibility of price. This also is understood in Washington, it was said.

Note that even in private conversation, there is the caution of the "source" who is not accustomed to the blunt interplay in which we newsmen keep asking for names, specifics, dates.

But with each word carefully weighed like ingredients for an incubator baby's formula the message was that: There is no desire by most people in government to try to regulate prices. To my source this was a good sign, though it appears contrary to what many of us believe the administration plans in one fashion or another.

THE SOURCE indicated he is delighted to have found this attitude in Washington — for which I believe he meant the President and his orbiting groups of advisers, political and economic, inside.

The source indicated this is fine, for he does not believe the government is equipped to determine prices. For this reason and for matters of principle, U.S. Steel did not inform the White House of the proposed price hike in advance.

To have gone to Washington would have meant, in effect, the seeking of presidential permission for such action. It was this reasoning — and not an effort to insult the President or to betray Arthur Goldberg — which de-

termined U.S. Steel's policy. It was pointed out that no one had asked "steel" for a no-price-raise pledge and none had been given. It might be pointed out here parenthetically that after Roger Blough, chairman of the board of U.S. Steel, had left the White House that famous Tuesday evening, Mr. Goldberg put all the blame for the crisis on himself. The President pooch-pooched this.

There was bitterness. True the price was rescinded due to basically competitive reasoning. But, said the source, U.S. Steel did not want to see the launching of a civil war between the government and all business.

This would have hurt both. Therefore there must be more understanding of the government's position and vice versa, the source said. That was Mr. Blough's word to the President.

The steel executive is expected to see Mr. Kennedy and Goldberg again and again. Efforts will be made for an ever more cordial relationship from now on — not only between Big Steel and JFK but between all business and the administration.

HOWEVER, this does not shake "steel" from its belief that labor negotiations must be kept separate from management's price-making decisions. The company believes it would be wrong and improper to talk with a union about prices in a highly competitive industry.

The point is that costs must come down to avoid a profit squeeze. And the word is that Washington now understands this.

## Voter Qualification

By DAVID LAWRENCE

Real Issue Is Right of Negroes To Ballot

An editorial in the New York Times on the subject of qualifications for voting has startled many of the constitutional lawyers of the country. The doctrine expressed is novel. It is that, when the 15th Amendment was adopted just after the Civil War, this action gave Congress an overriding power to fix voter qualifications.

The Times editorial puts it this way:

"The Constitution does provide, in Section 2 of Article 1, that voters for Congress shall have the qualifications fixed by each state for electors of the most numerous house of its legislature. But this provision, like all others in the Constitution, is subject to the overriding limitations imposed after the Civil War in the 15th Amendment.

"The 15th Amendment says that the right to vote shall not be 'denied or abridged' on account of race or color. And it gives Congress the power to enforce that sweeping command by 'appropriate legislation.'"

If this be true, lawyers are asking what was the meaning of the action taken—43 years after the 15th Amendment was proclaimed — when the people of the United States in 1913 ratified the 17th Amendment reiterating the exact language of the original Article 1?

If an amendment adopted at a later date "overrode" its predecessors and opened the way to "appropriate legislation" on voter qualifications, then didn't the 1913 amendment and restore to the previous language its full constitutional effect? Here is what the 17th Amendment says:

"The Senate of the United States shall be composed of two senators from each state, elected by the people thereof, for six years and each senator shall have one vote. The electors in each state shall have the qualifications requisite for electors of the most numerous branch of the state legislatures."

This relates specifically to the sole right of the states to fix voter "qualifications." It is obvious that every voter must always be given a square deal and cannot be denied his chance to vote only because of race or color.

To say that, because the Constitution has forbidden the states to discriminate, they have thereby lost their power to set what they, in their judgment, consider a proper qualification for voting, is to argue that a mere act of Congress now can amend the Constitution.

THE TIMES editorial does concede that the states still have some powers left. It says:

"The bill would leave the states

free to impose their own educational qualifications for voting. They could require three grades of schooling, or they could make voters have a college degree. Those are objective qualifications, applicable to white and Negro alike.

"What a state could no longer do is adopt the vague standard of 'literacy' and then apply it unequally to citizens of different color."

The attorney general himself admits that he could prosecute such discrimination today under the 15th Amendment, though he frankly states that a federal law would save him a lot of bother. What the proponents of the new legislation before the Senate this week really are saying is that, because they suspect the good faith of certain states and do not wish to take the trouble to prove in court that those state officers have exercised discrimination, the provisions of the Constitution which give the states the sole power to fix qualifications of voters can be ignored.

If, indeed, a state can fix a third grade education or a college degree as a standard for qualification, it will be asked: Why doesn't a state have the constitutional power to determine and prescribe its own standards of literacy and to apply them equally to all persons?

BUT IF CONGRESS has the overriding right to fix standards, then, in an endeavor to abolish racial discrimination in factories, a law could be enacted setting efficiency standards in employment based on a fixed number of years of experience in a particular trade or profession.

It could require an employer to hire, whenever there are enough applicants, at least one colored worker for every white employee. The argument could be made that "equal protection of the law," as set forth in the 14th Amendment, overrides all other articles of the Constitution.

In reality, the Supreme Court in two decisions has declared that neither the 14th nor the 15th Amendment gave any additional powers to Congress but merely forbade discrimination in respect of the use of existing powers.

There are plenty of ways, however, to circumvent the Constitution if the public is indifferent and accepts the doctrine that "the end justifies the means."

There is currently prevalent in some quarters a mood of impatience with the method of amending the Constitution prescribed in that document itself. The New York Times expresses something of this mood in the concluding paragraph of its editorial as follows: "It is time to put aside specious legal arguments and consider the real issue before the Senate and before the country — the right of Negroes to vote."

### Church Women's Objectives

As we come to the time of our May Fellowship meeting, there may be those who do not know what our Council of Church Women really stands for.

We are an organized group of church women with a key lady representing each church.

Our aim and purpose is to unite church women in their allegiance to their Lord and Saviour Jesus Christ through a program looking to their integration in the total life and work of the church and

to the building of a Christian community.

We meet once a month in the Westminster house of the Presbyterian Church to sew and make puppets for the local hospitals and also make hospital gowns for the leper colonies, roll bandages, etc., as the needs arise.

We contribute to the migrant work and several other worthy causes.

We observe three outstanding days a year: our "World Day of Prayer," the May Fellowship meeting and "World Community Day" in November. At these meetings offerings are taken and the money and other material aid is sent to the needy.

We are state-wide but are not to be confused in any way with the World Council of Churches. We invite all church women to unite with us in prayer and fellowship together with Christ.

# 20 Louisiana Negroes Head West On 'Freedom Train'

NEW ORLEANS, La. (AP) — Some 20 Louisiana Negroes were en route to Los Angeles today, the first large group to take advantage of the segregationist Citizens Council's offer of free one-way transportation.

Their train, dubbed "Freedom Train West" by New Orleans Council director George L. Singelmann, was scheduled to arrive in Los Angeles at 5:15 p.m. Wednesday.

Another group of Negroes is en route by bus to New York. It is scheduled to arrive at 7:30 a.m. Wednesday.

The group heading for Los Angeles includes Peola Denham's

family of 12 from Baton Rouge, La. The children range from 17 years to nine months.

"I don't have any promise of work but I expect things to be better in Los Angeles," Denham said.

Asked why he chose Los Angeles, Denham replied: "It's a lot warmer in California and I've got lots of kids."

Four others said they hoped to find jobs in Los Angeles. They identified themselves as Robert Therrio, 24; Washington Holley Jr., 19; Charley White, 22; and Fred Spooner, 22.

Singelmann saw the group off after depositing a check for \$612 with ticket seller John Keretz. Singelmann gave each Negro \$5 for expenses but gave Denham \$100—"because he has such a big family."

There was some confusion as to how many Negroes actually went on the bus to New York.

Singelmann said there were 12, bus driver Eddie Sauer said 10. Newsmen interviewed four and saw Singelmann hand tickets to three others. One reporter got on the bus and counted only six.

Singelmann had said earlier that 100 Negroes would leave during the day. He said some were frightened by pressure from the National Association for the Advancement of Colored People and the Congress of Racial Equality.

Two other Negroes left early Monday on a bus for Chicago.

Prior to Monday, Singelmann had claimed that 116 Negroes had left on the rides.

### Topics of Interest To Farmers; Notes About Meetings

#### Spittlebugs Hatching

LISBON — Spittlebugs have begun to hatch in Columbiana County, extension agent Don Myers said today as he offered spraying instructions for farmers.

Ohio State University entomologists indicate the spring population of spittlebugs in this area will be damaging. Myers said farmers who spray a first growth of the first crop this year should find that it pays.

He makes the following recommendations:

Lindane should be used at one pint of 20 per cent emulsion concentrate per acre. Do not use Lindane when the crop is more than six inches tall and do not graze or cut for forage within 30 days following treatment. Lindane will be effective even though spittlebug hatch may not be complete as there will be sufficient residue present to kill them as they hatch. If Lindane is used, it would be advisable to apply it as soon as possible.

If Methoxychlor is used, it would be better to wait until clover is between six and eight inches tall, and alfalfa approximately eight inches tall. Use two quarts of 25 per cent emulsion concentrate per acre. Do not pasture animals or harvest the crop in sprayed fields within seven days following treatment.

THE SALEM SAXON CHORUS will be featured in a concert at 3 p.m. Sunday in the First Baptist Church, sponsored by the Salem Music Study Club and marking the beginning of National Music Week.

MEMBERS OF THE Cards and Chatter Club met recently in the home of Mrs. Edward Bozich of S Union Ave., and welcomed Mrs. Richard Woner as a guest. Prizes at "500" were won by Mrs. Robert Houlette, Mrs. Glenn Hoobler and Mrs. Woner. The hostess was assisted by Mrs. Houlette in serving refreshments. Mrs. Jerry Colaizzi of Carole Drive will entertain the club May 10.

SIXTEEN expectant mothers from Salem, Leetonia, Columbiana and Hanoverton attended the first of a series of classes in parenthood education recently at the Hannah E. Mullins Home for Practical Nursing.

A member of the Nurse Alumnae Association, Mrs. Louis Weirick, welcomed the guests. Mrs. Elizabeth Stacey, public health nurse and Miss Mary Wolford, supervisor of the obstetrical department at the Central Clinic, instructed the women on "How Your Baby Grows Before Birth" and "Your Way of Life During Pregnancy." A film, "Human Reproduction," was shown to illustrate their talks.

The classes are sponsored by the Nurses Alumnae Association of City Hospital with the assistance of the Women's Auxiliary of Salem Hospitals and the Health Department, and will continue each Wednesday for four weeks at the Nurses Home.

The aim of the class is to create an appreciation of the value of early and regular medical supervision during pregnancy and to understand the development of the infant.

Mrs. Jack Klein, a member of the Auxiliary, served refreshments.

The topic of the next class is, "Your Food Needs During Pregnancy" with Mrs. Stanley Correll as instructor.

A THREE-TIER wedding cake topped with the miniature bride and bridegroom figurine from the cake served at the recent wedding of their granddaughter centered the refreshment table when Mr. and Mrs. Louis Detell of 374 Newgarden Ave. were honored on the occasion of their 53rd wedding anniversary recently in the home of their daughter, Mrs. Angelo Groglio of Youngstown.

JANICE BETHEL spoke on methods of storage and usage of a two-week food supply which should be maintained in all households in case of disaster at the final meeting of the current series of Home Preparedness classes recently, under the direction of Mrs. W. M. Worman of the Salem Civil Defense staff.

Certificates for completing these courses were presented the following: Laura Sturgeon, Mrs. Lee Shoemaker, Mrs. Raymond Cuthbert, Mrs. Hilda Leprich, Miss Elma Auld, Miss Eleanor Szkola, Mrs. Eleanor Knam, Mrs. Althea Wilson, Mrs. Velma Mathews, Mrs. Melba Smith and Miss Mary Kleon.

Plans are being made for the formation of a Women's Civil Defense Council.

Literature pertaining to the two week emergency food supply is available from the City Health Department in City Hall.

## Engagement Revealed

Mr. and Mrs. Harold Dotson of Lisbon RD 1 announce the engagement of their daughter, Georgia Marie, to Roger McGaffick, son of Mr. and Mrs. Lloyd McGaffick of Lisbon-Salem Rd.

Miss Dotson is a graduate of Lisbon High School and of the Canton Beauty School. She is currently employed at the Lisbonette Beauty Salon in Lisbon as a cosmetologist.

Mr. McGaffick, also a graduate of Lisbon High School served three years in the Marine Corps and is employed by Williams So-hio Service Station in Lisbon. No date has been set for the wedding.

Mrs. John Wark Roose

## Ruth Beiling Becomes Bride of John W. Roose

At an afternoon wedding Saturday at St. Paul's Lutheran Church at Leetonia, Miss Ruth Arlene Beiling, daughter of Mr. and Mrs. William Beiling of Leetonia, became the bride of John Wark Roose, son of Mr. and Mrs. C. Richard Roose, also of Leetonia. The double ring ceremony took place at 3:30, with Rev. T. P. Laugher officiating before an altar decorated with vases of calla lilies, palms and ivy and lighted with two seven branch candelabra. Aisle pews were tied with white ribbon holding sprays of lily-of-the-valley.

Bruce Snyder of Salem presided at the organ.

Given in marriage by her father, the bride was gown in embroidered silk organza with satin rosebud applique and bands of satin flowing from waist to hemline. The long sleeved fitted bodice was fashioned with a cutout bateau neckline, and the full hooped skirt ended in a chapel train. Her veil was of silk illusion and she carried a cascade bouquet of stephanotis and lily-of-the-valley centered with a white orchid.

Mrs. William Boswell of Washington, Pa., was matron of honor, and bridesmaids were Mrs. Dale McMurray of Columbiana, Terry Brown of Salem and Eloise Beiling. They were gown in white and wore white satin pillboxes with nose veils and carried arm bouquets of pink anthurium.

Diane Fast and Melinda Roose, flower girls, wore dresses identical to the bridesmaids complete with flower trim. They carried baskets of pink sweetheart roses and violets. Timothy James Murphy carried the rings on a white satin pillow which held the rings at the wedding of the bridegroom's parents.

James Rance was best man, and ushers were William Beiling Jr. of Cuyahoga Falls brother of the bride; C. Richard Roose Jr., brother of the bridegroom; Joseph Mango and Victor Hedl Jr. Thomas Beiling, another brother of the bride, served as junior usher.

The reception was held in the church social rooms immediately following the ceremony where guests were registered by Mrs. F. James Murphy of Rochester, N. Y., sister of the bridegroom. The pink linen cover of the bridal table was overlaid by a lace and nylon cloth festooned with garlands of smilax, and centered with an arrangement of pink anthurium and calla lilies flanked by silver candelabra. The nylon skirted cake table featured a chapel cake topped and encircled with pink sweetheart roses.

The bride is a graduate of Leetonia High School.

Also a graduate of Leetonia High School Mr. Roose will be graduated in June from the School of Pharmacy of the University of Pittsburgh and will be associated with the Sun Drug Company in Pittsburgh.

Following a honeymoon to New Orleans, La., the couple will be at home at 508 Atlantic Ave., Pittsburgh, Pa.

Mr. and Mrs. C. Richard Roose were hosts at the rehearsal dinner Friday evening in the Wick Hotel at Lisbon.

## Secretaries Hold Luncheon Program

Grant E. Spong, industrial relations manager of General Fireproofing in Youngstown, was guest speaker when 60 area secretaries gathered for a luncheon meeting recently in the YWCA, in observance of "Secretaries Day." He chose "Take a Second Look at Your Relations" as the topic of his address.

Miss Helen Gaylord, Ohio division corresponding secretary, gave the history of the National Secretaries Assn. International, which was founded 20 years ago.

Spring and summer fashions for the well-dressed secretary from morning to evening were presented, narrated by Bernice Gaughan and modeled by Mrs. James Harrigan, Rosaleen Keeler, Barbara Shepard, Rita Joseph, Mrs. Elmer Bush and Mrs. Frederick Baker.

Mrs. Betty Moore and Mrs. Mary Dupal presided at the white covered table centered with an arrangement of pink feathered carnations flanked by pink swirled candles.

Miss Joseph and Mrs. Harrigan were co-chairmen in charge of arrangements, assisted by Mrs. Moore and Mrs. Dupal.

Mrs. Erma Staats and daughter, Eva Mae, of Cream Ridge Road had as weekend guests in their home, Mr. and Mrs. William Greenwood of East Liverpool.

Mrs. Glenn Paul Spencer

## Saundra Jury Is Bride Of Glenn Spencer

The chapel of the First Methodist Church was the setting for the wedding Thursday evening of Saundra Eileen Jury, daughter of Mr. and Mrs. Edward Jury of 1335 Cleveland St., and Glenn Paul Spencer, son of Mr. and Mrs. George Spencer of RD 3, Salem.

The double-ring ceremony was performed by Rev. William S. Longworth before an altar banked with palms and schefflera and lighted with twin seven-branch candelabra. Traditional wedding music was played by Homer Taylor.

Given in marriage by her father, the bride wore a floor length gown of nylon organza with bodice and sleeves of Chantilly lace. The full controlled box pleated skirt was enhanced with appliques of lace. Her elbow length veil of silk illusion was caught to a pearl and crystal crown and she carried a white Bible adorned with white orchids and streamers of stephanotis.

The maid of honor, Shirley Dian Feilin, wore a waist length chiffon dress of pale pink and carried a colonial bouquet of pale pink roses and white daisies. Her head-

piece was a pink net crown with nose veil.

Robert Spencer served his brother as best man.

The reception following the ceremony was held in the home of the bride's parents. White lace over blue linen covered the bridal table which was centered with a three tier horseshoe shaped cake which was an original creation of the bride's father. It featured a miniature stairway to the top of the cake which held tiny exact replicas of the bridal couple. Mrs. Wayne Loschinsky and Mrs. Simon Wagner served and

By Dr. H. T. HYMAN

## Drugs, Virus And Hepatitis

So many readers express confusion about inflammations of the liver (hepatitis) that the following summary may serve to answer the questions asked:

Some forms of hepatitis are caused by drugs, particularly tranquilizers. Sometimes the inflammation caused by the tranquilizer or any other drug or chemical is due to prolonged use or excessive doses. Most often a chemical hepatitis is the result of great sensitivity and it follows brief use of an average dose.

Either way, recovery is the rule if the drug is promptly discontinued. And prompt discontinuance depends on your alertness in first noting a yellow discoloration of the whites of your eyes (jaundice).

**YOU CAN AVOID** the danger of a drug hepatitis by postponing the use of a tranquilizer until you have made every effort to control and calm yourself by other measures. And the most important of these is self-discipline. For tranquilizers cure nothing. They merely push the dirt under the rug.

**OUT IN THE OPEN** — Mae Questel, a "ghost" voice in movies for 30 years, suddenly has been "discovered" as a real, live comedy actress. Her film debut came in "A Majority of One," and now she's doing the twist with Jerry Lewis in "It's Only Money."

Of the infectious types of hepatitis, we Americans are mostly exposed to those of virus origin (catarrhal jaundice). And the viruses that cause infectious hepatitis may enter our bodies in various ways.

They enter our blood streams for days or weeks before we are aware of their presence and they remain there for months or years after we've recovered from an attack of catarrhal jaundice. Because of this they may be passed to someone else if we give blood for transfusion or if the needle or syringe used for us is then used for someone else before it has been sterilized.

**THAT IS WHY,** if you've ever had an attack of jaundice, you must never donate blood for transfusion.

Then too a virus that ordinarily produces a quite different disease, like infectious mononucleosis, may decide to attack the liver. Now you have infectious hepatitis as a complication of the "kissing disease" under which circumstance the virus may be transmitted by mouth.

Most often, however, the jaundice virus enters by way of contaminated water or food. When this happens, the virus is excreted by the bowel throughout the long period of incubation and for years after recovery.

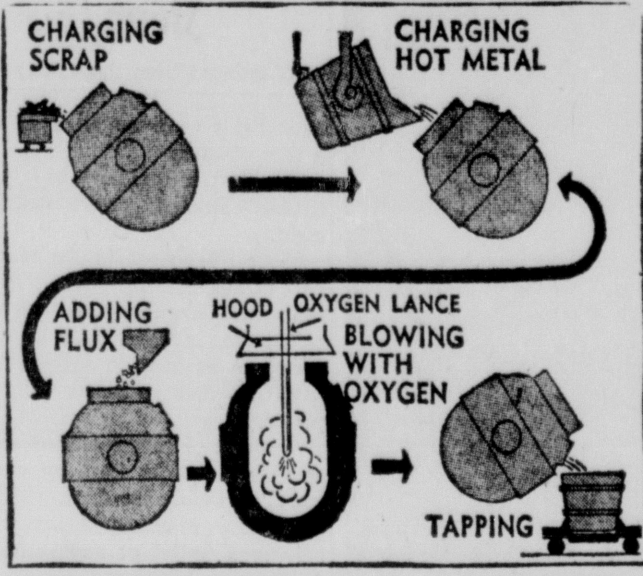

To prevent further spread of the infection, you can see the importance of thoroughly scrubbing your hands after each bathroom visit.

### OVERTURNS SUSPENSION

HAMILTON, Ohio (AP)—Patrolman Coy Hall of Middletown has won his two-year fight to overturn an 11-day suspension on a charge he was insubordinate to Police Chief Joseph Blackmore. Judge Fred Cramer ruled out the insubordination charge and penalty in Common Pleas Court Monday.

The matter grew out of Hall's refusal to obtain a doctor's certificate when he reported off duty Jan. 8, 1960, with a throat infection.

All but 23 miles of the Oregon coast is publicly owned.

**STEEL MAKING SPEED-UP** — New type oxygen furnaces are increasing the speed and efficiency with which steel is made. Sketches show the process. Jets of high purity oxygen are directed onto the surface of the molten pig iron, burn out the impurities and convert it into steel. The oxygen process also expedites production from open hearth and electric furnaces. U.S. mills now turn out 4 million tons this way, a fraction of the 98 million yearly tonnage.

## 400 Attend Ruritan Event At Crestview

FAIRFIELD — Atty. Robert Bailey of Greenville, Tenn. national director of the Tennessee district, was guest speaker when members of the Fairfield Ruritan Club were dinner hosts at the Northern Ohio Ruritan district meeting Saturday evening at Crestview High School.

His subject was "What Do You Owe to Ruritan?" for his talk to the 400 in attendance.

The invocation was given by Henry Ross. W. J. Weber gave the welcoming address and introduced Richard Speidel of Hanover, Ruritan National director.

The speech class of Columbiana High School, directed by Mrs. Margaret Ferrall, presented two skits, "Life of the Party," and "Sisters McIntosh," as part of the program.

The Ruritans' southern Ohio district spring conference is scheduled this Saturday evening at Sandy Valley High School. Rome Schwagel of Maryland will speak.

### Saxbe To Address Trustees Association

LISBON — William B. Saxbe of Mechanicsburg, candidate for Republican nomination for attorney general, will be guest speaker for the Columbiana County Trustees & Clerks Ass'n. meet-the-candidates dinner at 7 p.m. Thursday in the D.A.V. Clubhouse at West Point.

A graduate of Ohio State University law school, Saxbe is a veteran of World War II and the Korean War, and was attorney general in 1957-58. He served four terms in the House of Representatives where he was majority leader his third term and speaker his fourth.

### Man Is Injured In Fall At Die Shop

Carl Greathouse, 50, of 240 W. 8th St. is in fair condition in Central Clinic Hospital where he was admitted at 2:15 p.m. Monday for treatment of shoulder cuts and possible fractured ribs received when he fell 15 feet while repairing a conduit at the United Tool and Die Co. plant.

### ANSWER FIRE CALLS

A car owned by M. & A. Car Sales of East Liverpool received minor damage when a short in the wiring caused a fire while the vehicle was parked at Timberlans on E. Pershing St. at 11:47 Monday night.

Firemen also answered a call at 9:21 p.m. Monday to the Charles Arfman property, 951 S. Lincoln Ave., where a strong wind blowing sparks from a trash pile caused a fire scare.

### BITTEN BY DOG

Donald Brown, 32, of RD 5, Salem, was treated at the Central Clinic after he was bitten on the right leg by a dog owned by Earl and Crum, 637 Cherry St., at 8:45 a.m. Monday. Police said the dog was tied in its owner's back yard when Brown went there to do some work.

## May Day

(Continued from Page One)

Square show was Belgium's Queen Mother Elisabeth, in Moscow for the second international Tchakovsky music competition. It was believed the first time that royalty had attended the big Soviet Communist spectacle.

The East German army parade in East Berlin for the first time included rockets. The Communist announcer said they were the same type that shot down Francis Gary Powers' U2 plane and that they were now regular equipment of the East German army.

Tanks, heavy guns, armored cars and goose-stepping soldiers paraded across East Berlin's Marx-Engels Platz for half an hour. The Western allies were expected to protest as usual that the parade violated occupation agreements against German military activity in Berlin.

The parade was reviewed by Walter Ulbricht, the East German chief of state who has just returned from a long cure in Czechoslovakia. With him was long-ailing Premier Otto Grotewohl, making a rare public appearance.

Both Communist and Western authorities in Berlin took steps to head off trouble along the Red wall dividing the city as crowds massed for rival demonstrations.

West Berlin police laid down about a mile of barbed wire to hold back Western crowds from the wall. Police headquarters sent 3,500 men to the scene of a Western demonstration near the Red barrier.

On the eastern side 90 truckloads of men and equipment were reported mobilized at the House of Ministries between the sites of the two demonstrations. East Berlin police regularly keep the East Germans at least 100 yards back from the wall.

Heading the speakers' list in the Western rally were West German President Heinrich Lübke and Gen. Lucius D. Clay, President Kennedy's personal envoy in Berlin making his last big public appearance before leaving his post.

An estimated 200,000 Japanese massed in Tokyo's Meiji Park for a demonstration that put far less stress on anti-Americanism than in previous years. Under the eyes of 16,000 police, celebrants sang, shouted slogans and heard speeches by Communist and Socialist leaders and labor union chiefs.

Police said about 1.5 million persons took part in demonstrations in other Japanese cities.

Communist China ushered in May Day Monday night with a reception in Peiping attended by Premier Chou En-lai, other officials and foreign diplomats.

Foreign Minister Chen Yi, who played host, delivered a speech declaring that unity in the Communist camp was "unbreakable."

Despite Chen Yi's lip service to communist unity, the Communist New China News Agency's report of the traditional portrait display at Peiping's Gate of Heavenly Peace made no mention of Khrushchev. Stalin's picture was there, however, along with those of Mao Tse-tung, Marx, Engels and Lenin.

### East Palestine Area Cancer Fund Is \$927

The house-to-house cancer drive Monday night in East Palestine, New Waterford, Unity and the Negley area netted \$927, according to the Registered Nurses Association of East Palestine, sponsor of the campaign.

About 60 volunteer collectors participated.

a large portion of the area of freedom."

Attacking the President's handling of the abortive invasion of Cuba, Dr. Carrigg said, "You don't throw a group of boy scouts into Cuba to fight Castro!"

The candidate said "The communists are on the offensive, and we are on the defensive." Even the muzzling of the generals, the speaker asserted, is "part of the plan not to offend the Communists."

Dr. Carrigg stressed the hard work needed for Republicans to win in Ohio, adding that the President will probably be here to "try to remove the black eye we gave him in 1960."

The speaker was introduced by E. U. Whitacre, County GOP chairman.

Also on the platform were the following candidates: Charles E. Fry (U.S. Senator) Robert M. Bell (state central committeeman) Letha C. Asty (state central committeewoman) Boyd Wallace, Albin L. Dalrymple, and Donald Elliott (state senator) Clarence I. Wetzel (state representative) Raymond S. Buzzard (judge of court of common pleas) William H. Weir, James W. Boyd, and Samuel B. Webber (county commissioner) and Gloria L. McElroy and T. Emerson Smith (county auditor).

tough part is coming down in one piece.

Walker withstood forces four times normal gravity—four G's the pilots call it—when he stepped out of the dive back into the atmosphere.

Determining the proper angles and speeds for safe re-entry into the atmosphere will be X15's main job for the next two years.

Walker has been preparing for this job for 17 years. An Air Force fighter pilot in World War II, he joined the National Aeronautics and Space Administration (then called the National Advisory Committee for Aeronautics) in 1945 as a physicist and later became a test pilot.

Transferring to NASA's center here in 1951, he test flew several experimental aircraft, including the X1E, the X3 and the X5. When the X15 was proposed it became one of his major interests.

a 12-year-old student.

The storm raced to Rantoul, Ill., where scores of trailers were damaged and roofs torn away from homes. It struck a supermarket, where a section of roof collapsed, killing two persons.

Three others were injured.

Scores of other injured were reported at nearby Chanute Air Force Base. Damage at Rantoul was estimated at more than \$1 million.

Whipping through a dozen other Illinois communities, the storm felled power lines, trees and homes. At Pontiac, Ill., a chimney collapsed and killed one man.

The destructive winds moved into the Chicago area within two hours, reaching a velocity of 105 m.p.h. at Joliet and nearly 70 m.p.h. in parts of Chicago.

A similar pattern of property damage lay behind, as the storm moved eastward into Indiana.

Racing through Logansport, Kokomo, South Bend and Kentland, the storm bowled over cars, trucks, trees, and utility lines. A man was killed in Frankfort when a wall under construction collapsed on him. Nearly 50 persons were injured by debris routed by 70 m.p.h. winds at South Bend.

At Lima, Ohio, trees were uprooted, power lines were downed amid a swamping rain and hail. Six men were injured when a factory roof was torn away and a wall caved in.

Several radio stations were without service in Michigan when high winds knocked out power. A man was killed at Pontiac, other persons were injured at Niles and Pinckney, Mich.

A tornado at night leveled some houses in the rural community of Spottsville in southeast Arkansas. Several persons were injured.

In Tunica, Miss., an elderly Negro woman was killed when her house collapsed during a storm. Other houses and property also were damaged.

## Four Motorists Fined In E. Palestine Court

EAST PALESTINE—Judge Luther Donbar of Salem, presiding in Eastern County Court here in the absence of Judge Herbert E. Arfman, fined four motorists Monday night.

Wilbert M. Wright of RD 1, North Benton, was fined \$20 and costs for driving without an operator's license and \$10 for operating an unsafe vehicle.

Others fined were Martha E. Meek of RD 1, Rogers, \$10 and costs for speeding; Ronald E. Coppock of New Waterford, \$10 and costs for driving a vehicle longer than the legal length; and Walter Ashbridge of East Palestine, \$15 and costs for speeding.

## CITY BUYS TRUCK

Gray Motor Sales, 909 W. State St., was awarded a contract on Monday for a three-quarter ton pick-up truck to be equipped for use by the city electric department.

Its bid of \$2,259 was the lowest of three received. The selling price includes a \$100 allowance for a 1962 pick-up truck which the city traded in.

tonia lights were out all night in a part of town.

The electric company had two trouble-shooting crews out all night.

About 200 phones in the north part of Salem, Rogers, East Palestine and Columbiana, put out of commission in the storm, were expected to be back in service today, Ohio Bell Telephone Co. reported.

Warnings of severe storms and possible tornadoes were up over most of Ohio. The high winds and heavy rains came but the only area to report any serious damage was Lima.

There, where some said they saw a funnel-shaped cloud, a 200-foot concrete-block wall of a factory was caved in, injuring six men. Three were hospitalized. Several other plants in the Allen County seat also suffered damage, but none reported any injuries.

The wall collapsed at the Flair Homes, Inc., plant—a firm which makes prefabricated houses—just after the wind ripped the metal roof from the 200- by 80-foot Scores of workmen were in the building.

A sector of a smoke stack at the Superior Coach Corp. was ripped off by the wind and it crashed through the roof of the plant. No one was in the area at the time.

Another Lima firm, Baldwin-Lima-Hamilton, which manufactures heavy road equipment, had windows and a big sky-light broken.

The wind also ripped the roof from a fire department hose-tower, and the skipping roof broke store windows, smashed an automobile knocked down a chimney and television aerial before it came to rest.

Swamping rains accompanied the high winds, estimated in excess of 60 miles per hour.

Elsewhere in the northwestern corner of the state, two barns on the Van Wert County fairgrounds were de-roofed. The debris landed among children but none were hurt.

At Findlay and Bowling Green torrential rain and winds of 60 to 70 miles per hour bowled over trees, utility poles and tv aerials.

At Toledo 66 m.p.h. winds were recorded and electric power and telephone lines were knocked out in several parts of Lucas County. Three also were reports of several house trailers rolled over, but again no one was injured.

In Akron, four persons suffered minor injuries when a revolving door broke in the face of the strong wind. In Fairview Park, near Cleveland, lightning was blamed for a fire which caused \$15,000 damage to a home.

Trees and power lines were damaged by winds of 50 to 60 m.p.h. which accompanied a thunderstorm in the Youngstown area. Five garages on Youngstown's South Side were damaged when trees fell on them. Some areas of the city were without electricity briefly when secondary power lines were blown down. A fire said to have been caused by lightning destroyed a barn on Ohio 304 east of Hubbard.

## Youth Faces Chair For Arson Death

BUTLER, Pa. (AP)—Charles Ganss Jr., 17, heard Monday night he must die in the electric chair for the arson death of an elderly woman.

The jury of seven men and five women deliberated for three hours before returning the death verdict. They had convicted the youth of first-degree murder earlier in the death of Pauline Ritter, 67, of Cabot.

Donald H. Montgomery, 19, of Brackenridge, will go on trial later on the same charge. They were accused of robbing Mr. and Mrs. Raymond Ritter last Jan. 19, locking the couple in separate closets and setting fire to their home.

Ritter escaped, not knowing his wife was in another closet.

## Mayor's Office Shows \$2,345 For Month

Receipts in mayor's court here during April totaled \$2,345, according to the monthly report of Mayor Dean Cranmer. This was a decrease of \$333.50 from March receipts.

The city's share of the receipts came to \$2,263.05. The state got \$58.95 as its share of highway patrol fines, and the county received \$23.

A breakdown of the city's share is as follows:

Intoximeters, \$20; licenses, \$35; ordinance fines and forfeits, \$1,457; ordinance fees, \$164.40; 55 per cent of state highway patrol fines, \$72.05; state fees, \$4.60; overloads, \$510.

# Salem Awarded Sportsmanship Trophy At Big 8 Meeting

## Massillon Gets Top Award

Ludwig Is Elected As Vice President

By LYNN BROWNE  
News Sports Editor  
Salem High School Principal, Beman Ludwig accepted the Ohio Big 8 Basketball League good sportsmanship award trophy and Massillon Coach Nick Vrotsos received the loop championship trophy from newly appointed Commissioner Sim Earich when representatives of the eight member schools and press and radio met Monday night at the Lape Hotel.

Salem was awarded the trophy after tabulation of sportsmanship ballots revealed it had a higher number of points per ballot than any of the other schools.

Ballots are given to the referees who officiate league games and they "grade" the behavior and courtesy of the team, coach, cheerleaders and spectators.

SALEM HAD A TOTAL of 291 points or an average of 48.5 per ballot for each of the three games played. The highest possible score Salem could have had was 300. The Quakers dumped Niles, Warren Harding and East Liverpool in its three loop frays.

Niles placed second in the sportsmanship category, having a total of 478 points for five games or an average of 47.8 per ballot.

Commissioner Earich, speaking informally, told the group that he thinks the league has made a good start in promoting sportsmanship but said he did have a little trouble deciphering some of the ballots.

EARICH POINTED OUT that the referees did not always use the same scale on grading the teams and on some occasions failed to grade both teams. He gave the coaches a copy of the ballot and requested they make change recommendations for next season.

He also pointed out that some of the officials said that they could not always watch the crowd and therefore it was impossible to grade correctly. "Perhaps it would be a good idea to have an unbiased spectator in the crowd to assist in the grading." While no action was taken he told the coaches to think about it. He said perhaps something could be worked out later.

ILLUSTRATING THE fact that the league has helped promote good sportsmanship, Earich said that one referee told him that he had worked games between two of the member teams on three other occasions, but that the game this past season was the best one.

Earich left little doubt that he would serve as commissioner to the full extent of the word. He said he would attend many games and keep a tab on what was happening. He said he expected tickets to all the games but pointed out that he didn't want reserved seats — so that the coaches would know if he was in attendance. "I may come and not even use the ticket," he said.

Irvin Snyder, principal at Massillon High School, was elected president of the league while Ludwig was elected to the post of vice president by the principals.

Following the league meeting, members of the press and radio outlets of the eight-city area met to discuss publicity arrangements for the league. Plans were formulated to have the scribes and radio men select a Big 8 All-Star team at the end of the season.

### Trot & Pace Club Elects Paul Wolf

LISBON—Paul Wolf was elected president of the Lisbon Trot & Pace Club at its annual dinner meeting Saturday at the American Legion Home. He succeeds Ralph Cannon.

Richard Stockman was elected vice president, and Dean Stockman, secretary-treasurer.

Approximately 80 "railbirds," drivers and trainers attended. The guest speaker was Wayne (Curly) Smart, nationally known driver-trainer from Delaware, who has been racing 40 years. He was accompanied by his son-in-law, Richard Buxton, young driver-trainer who has had good success with Fisherman and Senator Frost.

State Rep. Clarence L. Wetzel of Lisbon spoke briefly.

AT OHIO BIG 8 MEETING — Massillon Coach Nick Vrotsos (sitting left) and Salem Coach John Cabas (sitting right) flank the league championship and sportsmanship trophies their teams were awarded when representatives of the Ohio Big 8 Basketball Conference met Monday night at the Lape Hotel. Standing (l. to r.) are Salem High Principal Beman Ludwig, league vice president Massillon Principal Irvin Snyder, league president; Sim Earich of Warren, league commissioner; F. E. Cope, Salem High athletic director, and Karl Zellers, assistant Quaker basketball coach.

## Swimming Is Only Love Of Pretty Blonde

By WILL GRIMSLEY  
Associated Press Sports Writer  
NEW YORK (AP)—Mary Margaret Revell is 24, has a figure like a Las Vegas showgirl, the kind of face they put on magazine covers—and all she wants to do is swim oceans.

"My only romance is the water," the golden-haired girl from Miami said today. "I know some people will be shocked to hear that, but it's true. I won't be happy until I break every long-distance women's swimming record in the book."

Miss Revell is in New York completing arrangements for a summer's bid at what she calls a water marathon "grand slam." She leaves May 15 for Seville, Spain. First, she'll tackle the Straits of Gibraltar. Then she'll go to Turkey for shots at the Bosphorus Straits and the Dardanelles—tests of some 20 miles each.

"I think Florence Chadwick holds the record for these swims," Mary Margaret said. "My first aim is to beat the marks for all of these."

She will return home for a 75-mile swim from Port Huron, Mich., to Detroit in July and then, after a two-week rest, will take off for England where she will try to become the first woman to accomplish a round-trip, non-stop swim of the English Channel.

Mary Margaret, a blue-eyed Irish colleen, is the daughter of a Bakersfield, Calif., dentist, the oldest of five children, all of whom are outstanding swimmers and athletes.

She began swimming when she was 3, got the long-distance "bug" when she was still in high school but didn't do anything about it until she got out of a small California college. Her conquests include the 25-mile Catalina Channel in 11 hours, 50 minutes and the 16-mile Michigan Maikina Straits in 7½ hours.

She proceeded to incorporate herself as "Mary Margaret Revell Enterprises, Inc."

"It's my business to make physical fitness your pleasure," her card says. She maintains offices in Detroit and Miami. She is her own company president, general manager and public relations agent.

"I'm a fanatic on physical fitness," she said. "I am up every day at 5 a.m. I swim at least four hours daily. I am careful about what I eat. I concentrate on fish and salads — never any meat or naughty things like eclairs or strawberry tarts. I don't smoke or drink."

"I like men. But if they take me out, they have to have me home by 9 p.m. I'm in training — and, as I said, water is my only love."

### Beaver Local Thinclads Dump United Eagles 65½-52½

The Beaver Local Beaver's track team copped 10 of the 14 events Monday night to defeat the United Golden Eagles 65½-52½ at the Beaver Local field.

Roger Diddle and John Detchon each chalked up three firsts to lead the Beavers' attack. Diddle won the 100-yard dash with a time of 10.7, and was also on the 880 relay team and the mile relay squad. Detchon won the 440-yard dash (54.6), the broad jump (17-9) and was also on the mile relay team.

Other first place winners for

Beaver Local were Warren Bradley, high hurdles, 17.65 and the 880 relay team; Jim Shingleton, low hurdles, 22.6; and discus, 108½; Larry Carroll, high jump, 4-4; Jim Smith, mile relay; and 88 relay; Mike Klembara, mile relay; Dave Gofourth, pole vault, 9-10.

Winners for United were Herman Ziegler, mile run, 5:00.9; Gene Metzgar, 880 run, 2:14; Bruce White, 220 yard dash, 25.1 and Pete Schweigert, shot put, 42-9.

The Golden Eagles will clash with Coach Ike Farrah's Leetonia Bears tonight at Leetonia.

### Jr. High Thinclads Win 2, Lose 1 To Visiting Boardman

The Salem Junior High School heavyweight track team won its second consecutive meet of the year Monday night, edging Boardman 37-34 but the lightweight team bowed to the visitors 38½-20½ to even their record at 1-1. The ninth grade squad copped its third victory in as many outings, 54-46.

In the heavyweight division Ray Seibert swept two firsts to lead the Quakers' attack. The local speedster took the 100-yard dash with a time of 11.1, three-tenths of a second ahead of Mark McDougall of Boardman and then sprinted the 220-yard dash in 26.6, a step ahead of teammate Ronnie Hofmann.

Also copping firsts for the Quakers, who swept five of the eight events, were Ralph Price, winner in the low hurdles with a time of 16.4, Jim Migliarini, who heaved the shot 38-7 and Andy Piriak of Salem who vaulted 8-6 to win the event.

Boardman's firsts were in the high jump, the broad jump and the 440-yard relay.

In the lightweight division Bill Kolozsi and Joe Judge copped the only two firsts the locals managed. Kolozsi won the shot put event with a heave of 31-2, while Judge tied Perolinni and Strong of Boardman in the high jump, clearing the bar at 7-0.

## Yanks Ready for Road Trip; Will Play 10 of Next 15 Away

By JACK HAND  
Associated Press Sports Writer

If anybody is going to stop the New York Yankees, the time is now. In the next two weeks the world champions will be playing 10 of 15 games on the road, including series with the top contending Chicago White Sox and the Cleveland Indians. Detroit and Baltimore will be mingling strictly with second-division clubs. So will the White Sox and Indians, except for the Yankee series.

### Ninowski May Stay In Pro Football

CLEVELAND (AP)—The owner of the Cleveland Browns is optimistic that quarterback Jim Ninowski will continue in pro football after straightening out his business affairs.

Art Modell met with Ninowski for two hours in Detroit Monday. Ninowski had expressed reluctance about joining the Browns after last month's three-for-three trade which sent quarterback Milt Plum to the Lions.

"There is one big reason I want to arrange things so I can come to Cleveland," Ninowski declared. "I want to play on a championship team. The Browns could have one next season."

"We hit it off well," said Modell. "And what I liked best was that he talked championship, we're interested in the same thing."

"I think that I'll be playing in Cleveland, Ninowski said. 'I still have to get my business straightened out in Michigan, but a man started to work for me today. He may be able to handle things.'"

### ARCHERS TO MEET

The Columbiana County Archers Club will meet Wednesday at 7:30 p.m. at Theron's Market in Columbiana. All persons interested in archery are welcome to attend.

Home runs—Cash, Detroit and Wagner, Los Angeles, 6; Landis, Chicago, Kaline, Detroit and Boyer, New York, 5.

National League  
Batting (based on 35 or more at bats)—Flood, St. Louis, .435; Musial, St. Louis, .396.

Runs—Mays, San Francisco, 20; Pinson, Cincinnati and Davenport, San Francisco, 19.

Rus batted in—Pinson, Cincinnati, 25; T. Davis, Los Angeles, 23.

Hits — Pinson, Cincinnati and Flood, St. Louis, 27; Cepeda, San Francisco, 26.

Doubles—Kasko, Cincinnati and Oliver, St. Louis, 7; four tied with 6.

Triples — Williams, Chicago, Wills, Los Angeles, Mazeroski, Pittsburgh and Boyer, St. Louis, 3; Nine tied with 2.

Home runs—Mays, San Francisco, 7; six tied with 6.

eral manager, spent hours on the telephone trying to shore up his pitching staff, Hamey is standing pat letting the others do the worrying.

"We're not interested in any trades," said Hamey in New York before leaving for the Chicago series. "I'm not bothering to phone and nobody is calling me."

The collapse of Art Ditmar and the ineffective work of Bob Turley threw such a heavy load on Whitey Ford last May that Manager Ralph Houk reorganized his staff and moved Bill Stafford and Roland Sheldon into the starting routine. This year the rotation of Ford, Terry and Stafford has been enough to handle most of the clubs.

Houk was pleased by Roger Maris' hitting in Washington where boosted his average 110 points to .262 with 10 hits in 19 at-bats, including three home runs. With Cleve Boyer batting .429 and Mickey Mantle averaging .359, Houk is sitting pretty.

The Yanks send Stafford against Juan Pizarro tonight in the opener of a three-game series at Comiskey Park with the White Sox only a half game behind New York. Pizarro worked the series finale at Yankee Stadium last week when the Yanks shocked the White Sox with a winning four-run rally in the ninth inning.

Cleveland, one game back of New York after being knocked out of first place by the Minnesota Twins over the weekend, has a chance to fatten up on Los Angeles and Kansas City and get revenge on the Twins before the Yanks come into town for the first time for four games, May 11-13.

Detroit's home run hitters will try to give Jim Bunning a third straight victory in their night game with Kansas City, which has been an April surprise. Jerry Walker, winner of three in a row, will work for Hank Bauer's A's.

It will be Baltimore's turn to try to cool off the Minnesota Twins. Chuck Estrada gets the call against Camilo Pascual, a three-time winner.

### Mixed Doubles Event Set At Saxon Lanes

Joe Vogelhuber, tourney director, announced today that the fourth annual mixed doubles handicap bowling tournament at Saxon Lanes will begin Saturday and continue through June 10.

In the first annual team handicap tourney completed Sunday, Fritz Bar of Mineral Ridge emerged the victor with a total of 3310 pins.

William Pauline of Salem had the high three-game series with a total of 655 pins while Frank Kardiell of Benwood, W. Va., rolled a 279 for the highest single game. One hundred and sixteen teams were entered in the competitions.

However, there may be a good many people who are not sure about the question that youngster raised. It is only natural for a flag to become soiled through use, and it is perfectly proper to wash or dry clean it to restore it to its original brightness. It is also recommended that an American flag that is torn be mended, provided such mending does not alter its design or appearance."

Just as a nation's flag is its symbol of unity and devotion, the trademark or name of a business should be its pledge of loyalty and reliability. For our part, we display ours humbly, while we are reminded of an old proverb, "Titles do not reflect honor on men, but rather men on their titles." ### The Other Day

We overheard a youngster ask another boy if it is all right to wash an American flag, and we decided to consult a naval officer of our acquaintance what the official etiquette is on the subject.

He said, "Of course everyone knows that our flag should always be treated with respect, and I guess the generally known considerations of never allowing the flag to touch the ground nor be trampled upon, nor intentionally marked, are too well known to require any explanation."

However, there may be a good many people who are not sure about the question that youngster raised. ## Patterson-Liston Title Bout May Be Held In Chicago

NEW YORK (AP)—Chicago appeared today to have the inside track on the Floyd Patterson-Sonny Liston bout for the world heavyweight championship.

"It figures to be the best place," said Patterson. "It's a good fight town and can draw, but I'll wait to hear what the other cities have to offer before I make up my mind."

New York and Philadelphia both are out. New York refused challenger Liston a license because of his brushes with the law. Patterson refuses to fight in Liston's home town, Philadelphia.

"They'll do anything in that town," he said.

Patterson told columnist Milton Gross of the New York Post Monday that Liston definitely would be his next opponent and that the fight must be held in September.

"Liston's the one I'll fight no matter where it's held," said Patterson. "I'll never put the gloves on again until I fight Liston."

HOUSTON, Tex. (AP) — Texas' boxing director and an official of the Houston Sports Association said Monday night they would welcome a title fight between heavyweight champion Floyd Patterson and Sonny Liston.

"We'd like very much to have the Patterson-Liston fight. It would be a big thing for Texas," said Alton Erickson of Austin, the director and a representative of the National Boxing Association.

New York and California have refused to license Liston because of his background.

"I see no reason to deny Liston a license," Erickson said. He's paid his debt to society.

"Liston has fought here before and I believe he has a license to fight here right now," he said.

## Succeeds Duke Barret

## Ken Wable Named Mt. Union Grid Coach

ALLIANCE — Ken Wable, Cornell University assistant coach, has been named head football coach at Mount Union College, succeeding Eugene (Duke) Barret, who resigned to start study toward his Ph.D.

The 34-year-old Wable returns to the Ohio Athletic Conference where he was a standout half-back (1948-52) and later an assistant football and head track coach (1958-61) at Muskingum College.

He is expected to arrive on campus next week to start preparations for the 1962 Raider schedule that includes an Oct. 13 home game against Muskingum.

"We feel very fortunate to secure a person with the ability, experience, personality, and knowledge of the Ohio Conference that Ken Wable has," Mount Union College President Carl C. Bracy said.

A native of Van Wert (Ohio), Wable spent three years in the Navy before attending Muskingum where he and Tom Harp, Cornell's head coach, were teammates on the 1949 and 1950 Ohio Conference championship teams.

Barret was an All-Ohio end on the 1949 Mount Union team that lost to Muskingum.

Head football and track coach at New London (Ohio) High School in 1952-54, Wable moved to Massillon High School in 1954-56 as head track coach and an assistant in football under Harp.

Following two years as an assistant coach at Wake Forest College and three at his alma mater, he again joined Harp when the latter became head coach at Cornell this past season. Defensive line coach at Cornell, his primary duty was defense coordinator.

Wable is married to the former June Tobias of Van Wert and they have two sons—Gordon, 14, and David, 12.

He has taken graduate work at

Ken Wable

Kent State University and Ithaca College, expecting to complete requirements soon for his M.S. degree.

Since Mount Union's first team in 1893 it has won 261 and lost 265 in 64 seasons, having no teams in 1895, 1898, and 1943-45. The Raiders were 3-6 last year.

There have been 20 football coaches (four of them students in the early years) at Mount Union, but only eight since 1909.

## SHOOT HOLE-IN-ONE

Curtis Craig of 3581 S. Mahoning Ave. Extension, Alliance had the first hole-in-one of the season at the Flying "B" Golf Course Monday. Craig's ace came on the third hole (131 yards) while using a three-iron.

National League's wearing uniform No. 1 this season are: Managers Fred Hutchinson of Cincinnati, Al Dark of San Francisco and Harry Craft of Houston and players Del Crandall of Milwaukee, Richie Ashburn of New York and Carl Sawatski of St. Louis and Coach Al Vincent of Philadelphia.

## Tribe Hurlers Tagged For 20 Homers

CLEVELAND (AP) — Cleveland pitchers, who surrendered 178 home runs in 1961, are off to an even faster gopher ball pace this season.

Tribe hurlers have been tagged for 20 homers in 15 games, while the Indians' hitters have whacked only eight out of the park.

Last season the Indians' pitching staff was second to Los Angeles' 180 home runs for the dubious honor of giving up the most home runs.

Two grand slam homers have been hit against the Tribe.

Woody Held and rookie Al Luplow each have hit two homers for Cleveland. One apiece have been belted by Gene Green, Ty Clin, Chuck Essegian and Willie Kirkland.

Gary Bell, the victim of five homers in one game, leads the staff in the gopher department with seven. Then comes Ron Taylor and Dick Donovan, four each, Barry Latman two, and one each for Bob Allen, Pedro Ramos and Frank Funk.

Still, despite the weakness of giving up home runs, the Indians have gotten away to a faster start this season than a year ago. After 15 games in 1961, Cleveland had a 7-8 record. Now they are 9-6 and in third place after a week's stay in first.

## Phils Dump Braves; Cubs Nipped by LA

By MIKE RATHET  
Associated Press Sports Writer

Slump-ridden Willie Mays has kicked the habit and reformed the National League's No. 1 power combine with Orlando Cepeda for the streaking San Francisco Giants, back on top of the league standings after their sixth consecutive victory.

Both Mays and Cepeda continue their slugging Monday, each tagging a homer to support the four-hit pitching of rookie Gaylord Perry as the Giants knocked off Pittsburgh 4-1 and topped the Pirates from first place.

Over that span Mays and Cepeda have reactivated the potent 1-2 punch that gave the Giants 86 homers and 265 runs batted in during the 1961 campaign. Mays now has seven homers, tops in the majors, plus 16 RBI, while Cepeda has hit six homers and knocked in 21 runs.

While the Giants were extending their streak, Philadelphia snapped one, beating Milwaukee's Warren Spahn 6-4 for their first victory over the veteran left-hander since May 23, 1959. In the only other game scheduled, Stan Williams' five-hitter gave the Los Angeles Dodgers a 3-1 triumph over Chicago's Cubs.

The American League had a day off.

Mays got the Giants started with a bases-empty homer in the first inning off Vinegar Bend Mizell (1-1). But the Pirates came back to tie it in the second when Don Hoak singled, stole second and came across on Bill Mazeroski's single. San Francisco went back out front in the third when Tom Haller walked, took second on Perry's sacrifice and scored on Mickey Mota's single. Cepeda's two-run homer, after Mays had walked in the fourth, put it out of reach.

Perry (2-0), whose brother Jim pitches for Cleveland, was knocked out in his first major league start, then beat the Pirates to strait the Giants' current streak.

Spahn (2-3), trying for the 312th victory of his career, was knocked out in the third when the Phils

scored five times on Ruben Amaro's double, singles by Tony Taylor and Tony Gonzalez, plus three walks, including a bases-filled one to Don Demeter. Rookie Jack Hamilton (2-2) won it, with relief help from Jack Baldschun in the ninth.

The Dodgers scored two runs in the fifth to win it, snapping a 21-inning scoreless string when an error by Andre Rodgers let Norm Sherry score and Jim Gilliams' single drove in Maury Wills. Andy Carey's homer in the sixth gave Williams (1-1) some additional working room.

## Major League Stars

By The Associated Press  
Pitching — Gaylord Perry, Giants, pitched his first complete game in majors, checking Pittsburgh on four hits in 4-1 victory that put San Francisco in first place in National League.

Batting — Tony Gonzalez, Phillies, went 3-for-4 with double, driving in a run and scoring two in 6-1 victory over Milwaukee.

that in each year to the extent that the income from the parking facilities of the City is available for the payment of such bonds and is appropriated for such purpose, the amount of such tax shall be reduced by the amount of such income so available and appropriated.

Section 5. Said tax shall be and is hereby ordered computed, certified and extended upon the tax duplicate and collected by the same officers, in the same manner, and at the same time that taxes for general purposes for each of said years are certified, extended and collected. Said tax shall be placed before and in preference to all other items and the amount thereof. The funds derived from said tax levies hereby required shall be placed in a separate fund which, together with all interest collected on the same, shall be irrevocably pledged for the payment of the interest and principal of said bonds when and as the same fall due.

Section 6. Said bonds shall be first offered at par and accrued interest at the office of the Director of Public Service of the City of Salem, Ohio, at his office in City Hall, South Broadway, Salem, Ohio, until 12:00 Noon, Daylight Savings Time, of Wednesday, May 9th, 1962 at which time and place sealed bids will be publicly opened and read aloud on the following:

TO PURCHASE: One (1) New Hervey Duty Industrial Front End Loader.

Specifications may be obtained at the office of said Service Director in City Hall.

TO SELL: One (1) 1954 Case Front End Loader, now being used in the Service Department and to have the selling price of said vehicle credited against the purchase price of the new vehicle and to consummate said sale and purchase by means of a single bid to be determined by subtracting from the selling price of the vehicle to be purchased, and the purchase price offered for the 1954 Case Front End Loader.

Each bid must contain the full name of every person or company interested in the same and be accompanied by a bond to the satisfaction of the Director of Public Service or a certified check on some solvent bank in the amount of One Hundred Dollars (\$100.00) as a guarantee that if the bid is accepted and its performance properly secured.

Should any bid be rejected, such check or bond will be returned to the Bidder and be enclosed in two sealed envelopes and on each envelope there shall be a notation that a bid is enclosed and what the bid covers.

The right is reserved to reject and all bids.

By order of the Director of Public Service.

2 Progressive Men  
Wanted. Permanent position. Age not a factor if you are over 21 and have a car. This could well be the best job you have ever had. Call 332-1517 between 9 and 11 for private interview.

Mechanical Engineers, Designers, Checkers, and Layout Men:

MOVE UP!

Herr Equipment, by far the fastest growing company in its field, has several excellent positions for men who want to join a progressive, lively firm. Frankly, the men we want are now dissatisfied — are talented men stymied by fixed positions and with little room to move ahead. We offer quite the opposite — the opportunity to move into advanced positions as fast as your abilities, drive and ambition will carry you.

Above average salary plus very liberal benefits. Warm, congenial atmosphere, personal contact on all levels — we're known as a good company to work for.

The men we seek have experience in steel mill strip processing equipment such as payoff reels, coil huggies, uncappers, peelers, shears, transfer devices, strip storing devices, recoilers, bridge stands, coating equipment, pickling and annealing equipment, cut-to-length lines, etc.

RELEASE DO NOT APPLY IF YOU ARE NOT QUALIFIED. All applications held confidential.

## Friends Observance At Mount Pleasant Planned

In preparation for the forthcoming observance of the 150th anniversary of the Ohio Yearly Meeting of Friends scheduled Aug. 21-26 at Damascus, a special service is being planned for Sunday, Aug. 12, at 4 p.m., in the first Yearly Meeting House at Mt. Pleasant.

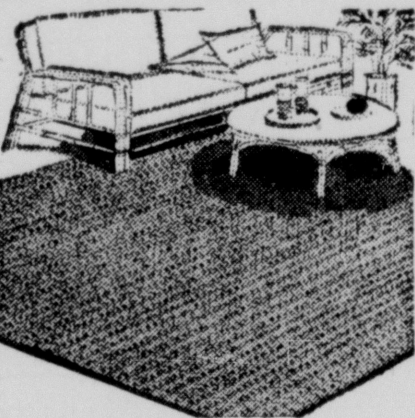

Plans for this event were formulated at a recent meeting of the general Sesqui committee. Rev. Harold B. Winn of Salem, chairman of the general committee, was also named chairman of the committee which will arrange the program for this service. Rev. Edward Escolme and Rev. Clarence Sekerak, both of Damascus, and Miss Edith Haviland of Raisin Center, Mich., make up the committee. Large delegations from churches in nearby areas

THE MEETING HOUSE AT Mt. Pleasant is historically the beginning of all Yearly Meetings west of the Allegheny Mountains.

When the first session of Ohio Yearly Meeting convened at Short Creek on Aug. 14, 1813, one of its first projects was to plan for a building adequate for the YM sessions. At its 1814 session, also held at Short Creek, it was definitely decided to build at Mt. Pleasant, which is just west of Short Creek. The house was to be a two-story brick, 60 by 90 feet, with youth galleries, and a seating capacity of 2,000.

The building was first occupied in 1816, according to records. In keeping with early Friends customs, it is divided in the center by a panel which was raised by a windlass mounted in the attic. Four or five men were required to operate the device for raising and lowering the panel, which was generally raised during worship services, but lowered during the divided business sessions. Men and women held their business session separately.

THE SESSIONS OF OHIO Yearly Meeting were first held in Damascus in 1866. Thereafter the annual meetings alternated between Mt. Pleasant and Damascus. Since 1910 the YM has been held in Damascus annually except in 1913 when it convened in Columbus and in 1917 when it returned to Mt. Pleasant and the century-old meeting house.

In 1938 efforts were made to rehabilitate the first YM house. Personal subscriptions were not sufficient and the building and grounds were transferred to the State of Ohio in 1949. The 98th General Assembly authorized acceptance and appropriated \$50,000 for the restoration and rehabilitation of the building and grounds. Only partial restoration has been made. The incomplete project awaits additional appropriations.

Materials for the Souvenir Sesqui Book probably will be ready for the printer by June 1. This book of 100 pages will include the pictures of the 90 churches in seven states — Ohio, Michigan, Pennsylvania, Iowa, Virginia, North Carolina, Rhode Island and Canada. There will be stories on church history, as well as stories on home and foreign mission work, also other features and pictures. There will also be a Sesqui plate. Twelve committees, headed by Rev. Winn are working on the Yearly Meeting Sesqui project.

Man Drowns  
As Swan  
Attacks Boat

CLEVELAND (AP) — A swan, described as having a mean streak attacked a boat containing five persons on a private lake in suburban Parma Monday night and caused an accident which resulted in one man drowning.

Dead was Waldemar F. Rupp, 61, owner of the Buckeye Publishing Co. Police said the 12-foot aluminum boat overturned as he tried to shove the swan away.

The other occupants, three of them women, were rescued and taken to Parma Community hospital. The women were reported to be in shock.

The boat had moved to a spot on Evergreen Lake where the swan's mate was nesting, police said. Suddenly the big bird moved toward the craft and tried to jump in.

Parma patrolman Emmett Mathews, who jumped into the water with his clothes on to help the victims, said the swan became mean after another of his mates was killed by someone two years ago. The swans, purchased by residents, have been on the lake for more than five years.

## OSU REVIEW SET

COLUMBUS, Ohio (AP) — The annual president's review at Ohio State University has been set for 10 a.m. Thursday on the campus oval, with about 4,300 of OSU's ROTC cadets taking part in the march.

The review is a traditional event of the university's current May week, and cadets of the Army, Navy and Air Force units will participate.

Wounded Tot Only  
Survivor In Ohio  
Family Gun Spree

CROOKSVILLE, Ohio (AP) — A 1-year-old girl was in fair condition today at Good Samaritan Hospital in Zanesville, the only survivor of a shooting spree which claimed the lives of both her parents.

The shooting, termed a murder-suicide, occurred Monday at the family's home at Rose Farm, a small former mining community near the Morgan - Perry County line.

The baby's mother, Izetta White, 34, was shot five times before she collapsed in the lap of deputy Don Bailey. Two of the bullets also struck the little girl, Jackie Lynn.

The father and husband, Thomas, 36, who opened fire with a .22 caliber revolver when his wife ran from their home, took his own life, shooting himself three times, officers said.

Deputy Bailey gave this account of the shooting.

He received a call that Mrs. White had telephoned police for help. When he drove up to the

house the woman ran toward the car, grabbing the baby who was in the front yard. White followed her from the house and started shooting.

Before Bailey could get out of his car, Mrs. White, already shot three times, was trying to climb over him and into the car.

White fired four more times and the woman collapsed in Bailey's lap.

Then White pointed the gun at Bailey and announced he was going to kill the deputy, but when he pulled the trigger he discovered that the gun was empty.

White ran into the house to reload the weapon and Bailey managed to get out of the car. White returned to the car. Noticing that the baby was shot, he screamed for someone to help the child and then ran to the barn at the rear of the house. When Bailey got to the barn White was dead.

Leetonia  
Meeting

LEETONIA—Mrs. George Weikart of Pearl St. will be hostess to members of the Birthday Anniversary club Wednesday evening at her home.

The Thursday Reading Club met at Parkview Inn in Canfield for a dinner meeting, with a number of guests present. Mrs. McComb of Alliance discussed hat-making and demonstrated types of hats suited to different faces. She exhibited an assortment of basic shapes and a variety of trimmings.

The next meeting will be at 8 p.m. Thursday, May 10, at the home of Mrs. James Stelts.

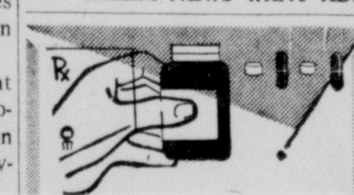

Mrs. George Weikart was a recent luncheon guest of Mrs. Paul Smith, south of Leetonia.

THE FOURTH QUARTERLY Conference of the Leetonia and Washingtonville Methodist Churches will be held at the Washingtonville Church at 7:45 p.m. Thursday. All members are urged to attend.

Reports of the year's activities will be given by the committees and the Rev. Albert F. Oakes. Church officers will also be elected.

The Rebekah Lodge will sponsor a benefit card party Thursday evening.

U.S. Files Liens  
Against Mennonites

PITTSBURGH (AP) — Liens totaling about \$6,000 have been filed against 76 Amish Mennonites in the Lawrence County area who refuse to pay Social Security payments.

An Internal Revenue Service spokesman said Monday no action will be taken to collect the payments until a similar case now pending is settled.

He said the liens were filed in

U.S. District Court for protective legal purposes.

In the case pending, an Amish couple, Mr. and Mrs. Valentine Y. Byler of New Wilmington, seeks compensation for three plow horses taken by the federal government for non-payment of \$214.43 in Social Security.

The Bylers also want to be exempted from further payments.
